RE: September Monthly Report

During the month of September the West Lafayette Police Department received **2,078 calls for service,** an increase of 385 calls (23%) from August, and an increase of 206 calls (11%) from September 2008. There were three Purdue home football games in September, which most certainly contributed to the double digit percentage increases in calls for service over last month and September 2008.

WLPD combined resources with the Purdue University Police Department during the three Purdue home football games this past month for increased foot patrols in the village while the barricade study project was conducted. WLPD officers paired with PUPD officers Thursdays thru Saturdays for these increased foot patrols. Tippecanoe County Community Corrections assisted the city with cleanup in the village on Sunday mornings after each game. This governmental agency cooperation will continue for the remainder of the fall football season.

The department also investigated several major cases in the month September, including several robberies. Arrests were made in two of the robberies. A WLPD officer used deadly force in the apprehension and arrest of one armed robbery suspect; see the attached *Use of Deadly Force Findings* document for further regarding this matter.

Respectfully submitted,

Jason Dombkowski
Chief of Police
