

Certified Hydronics

October 22, 2010

City of West Lafayette

609 West Navajo Street
West Lafayette IN 47906

Attention: David M. Buck, P.E.

Reference: Hydronic loop systems

Dear Mr. Buck,

Reference: Chiller/Boiler Loop Systems

System capacity has been estimated @ 350 gallon.

The chiller/boiler loop system will be tested 4 times per year.

Chemical testing and treatment of existing chiller/boiler loop systems will be \$985.00 per year and will include 15 gallons of chemicals.

Glycol is exempt from this pricing and contract.

If any chemical is lost due to mechanical failures, there would be an additional charge.

Thanks,

Certified Hydronics

Alan Hofmeyer
