EXHIBIT B  
AMENDMENT TO LEVEE/VILLAGE ECONOMIC DEVELOPMENT PLAN

Dated: February 22, 2012

The Redevelopment Commission hereby amends the existing Economic Development Plan, as heretofore amended, for the Levee/Village Economic Development Area (and related tax increment financing allocation area) as follows:

1. The Economic Development Area is amended by expanding the existing Economic Development Area as illustrated in Exhibit A hereto (the "Expanded Area").
2. The related tax increment financing allocation area is correspondingly expanded.
3. The project list for the Expanded Area is hereby expanded to include any or all or any portion of the following, as determined from time to time by the West Lafayette Redevelopment Commission to be in furtherance of the redevelopment and economic development of the Expanded Area:

a. Necessary infrastructure that is in, serving or physically connected to the Expanded Area. Although the precise nature of infrastructure that may be necessary from time to time to attract and retain prospective redevelopment and economic development opportunities in the Expanded Area cannot be predicted with certainty, the availability of adequate infrastructure is of fundamental importance in attracting and retaining such opportunities in the Expanded Area.

b. Expenditures determined by the Redevelopment Commission from time to time to be necessary to improve the stability of neighborhoods in or near the Expanded Area so as to promote the long-term redevelopment and economic development prospects of the Expanded Area. At present, it is the consensus of the Redevelopment Commission that the instability of the ownership and use of the housing supply in or near the Expanded Area renders the Expanded Area significantly less attractive for redevelopment and economic development opportunities than would be the case if such neighborhoods were more stable in their make-up.

c. The application of tax increment revenues to offset payments by developers on promissory notes in connection with economic development revenue bond financings undertaken by the City in further of the economic development or redevelopment of the Expanded Area. The provision of incentives by the application of tax increment revenues to offset developer promissory notes that secure economic development revenue bonds has become an established financing tool and an increasingly common form of incentive for attracting economic development and redevelopment.
