RE: Quote for Splash Aquatic Lift

This is to inform you that the West Lafayette Parks and Recreation Department is requesting quotes be submitted to the Clerk-Treasurer Office, 609 West Navajo, West Lafayette, IN 47906, for opening at the Board of Works meeting on Tuesday, February 28, 2012 at 8:30 am for two (2) Splash Aquatic Pool Lifts.

The items quoted must meet the following specifications:

- It shall be battery powered, comply with Americans with Disabilities Act Access Guidelines (ADAAG), and have a lifting capacity of 300 pounds.
- Product shall include battery, charger, battery console cover, waterproof control, stainless steel anchor socket with cover and spanner key, footrest and seat belt assembly.
- Manufacturer to provide technical support and assistance to confirm pool lift satisfies pool geometry or if another Splash! Model is more appropriate.
- Have a LINA K (approved for medical applications) screw/spline type actuator to provide a safe and stable stop at any point in the lifting cycle. Capable of: Not only having a stopping point that is a minimum of 16 inches and a maximum of 19 inches measured from the deck to the top of the seat surface when the seat is in the raised position (accessible guidelines), but also providing additional stopping points at various heights to accommodate users of all ages and abilities. Submerging the seat a minimum of 18" below the surface of the water.
- Configured to facilitate ease in user transfer within clear deck space of 36 inches wide by 48 inches deep starting 12 inches from the back end of the seat.
- Have a 24-volt gear motor to power side to side rotation to allow for ample clear deck space for transfer on both sides of the lift.
- Seat: Width of 18.5 inches. Back that extends 24 inches high
- Be structurally capable of providing a stable user transfer and pass a static load test equal to 1.5 times the rated load capacity.
- Metallic parts (stainless steel and aluminum) to be passivated, pretreated and powder coated using a 5-step process. The process is to be validated by samples undergoing a 4,000 hour Salt Fog Test, by a recognized independent laboratory, and achieve a rating of 10.
- Have a Manufacturer's Warranty: Frame - 3 years (except powder coated finish) Electronic Components – 2 years (except battery) Battery – 1 year.
