Re: Request for Three Fire Nozzles as per our ISO Insurance Rating

The West Lafayette Fire Dept. is requesting your assistance in purchasing three (3) Elk-O-Lite nozzles with smooth bore stacked tips. These nozzles would be located on each of our Engines. This is required by ISO to help lower our insurance rating to a 3. The other requirements are of little or no cost to the city and should be achievable in a short amount of time. It is worth noting that there are only approximately 45 Fire Departments out of over 1700 in the State of Indiana with a rating of 3.

Thank you,
