QUOTE FORM 1 of 3
QUOTE SPECIFICATONS CHECK SHEET
RUBBER TRACK COMPACT EXCAVATOR

INSTRUCTIONS: The specifications herein describe the minimum acceptable features and performance requirements for one (1) new 2014/2015 rubber track compact excavator to be purchased by the West Lafayette Street Department.

Vendors must offer a regularly-manufactured machine and supply descriptive literature and complete specifications. Vendors are to have thoroughly read and understood these specifications prior to quote submission. If any part of an item is not in compliance, an explanation can be provided on a separate sheet with the benefits of that item to the City. It will be up to the purchasers' discretion what items will be termed greater than or equal to specified item. Quotes shall be good for a minimum of 90 days.

Vendors shall place a check mark in the specification column to indicate if the item being quoted is exactly as specified. If an item is left blank, the City will assume the vendor cannot meet the specifications and may cause rejection of the quote.

By checking any of the "NO" spaces the vendor states that the product being quoted does not conform to that specification. All variations and/or exceptions must be documented, referencing applicable paragraph(s), and explained in detail on a separate page titled "Exceptions". If the City of West Lafayette determines by any means that exceptions exist which were not identified on such list, then that Quote will be disqualified as being non-responsive. If no exceptions are taken, it will be assumed that the quote meets all specifications as stated.
