Re: Task Order No. 11 – 2016 Stormwater Comprehensive Model

Dear Mr. Buck and Mr. Susong:

Butler, Fairman and Seufert, Inc., is pleased to provide the following proposal for Task Order No. 11. All terms of the Master General Services Agreement dated March 24, 2009 between Butler, Fairman and Seufert, Inc., and the City of West Lafayette shall apply to this order.

Project Scope

The Engineer shall provide support to the City of West Lafayette, Purdue University and Wessler Engineering for the purposes of creating the 2016 Stormwater Model.

The support would include but not be limited to verification of structure, pipe and conveyance data as needed, collecting various mapping, delineation areas and data that supports the input of the model. Updating current City GIS data marking structures used in the model for future identification, create and distribute layers that may be constructed based on the model input, including catchments, basins, and designated additional flow monitoring locations.

Schedule:

The Engineer shall provide this information coinciding with the schedule outlined in Task Order No. 3 from Wessler Engineering.

Compensation

Compensation for services rendered will be invoiced on an hourly basis, not to exceed \$20,000.

Headquarters:

8450 Westfield Blvd., Suite 300
Indianapolis, IN 46240-5920
T 317.713.4615
F 317.713.4616

Branch Locations:

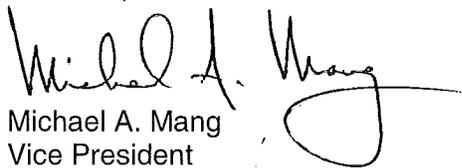

Fort Wayne
Jeffersonville
Lafayette
Merrillville
Plainfield

Founded 1961

We appreciate the opportunity to provide our services and look forward to working with you on this project. Please indicate your acceptance of this proposal by returning a signed copy of this letter to our office. We will consider this our notice to proceed.

Sincerely,
BUTLER, FAIRMAN and SEUFERT, INC.
