**281 Littleton Application for Carport**

This application is for a dormer to be added to the house. The application includes photographs.

Mr. Poole spoke regarding this application. Mr. Cohen and Mr. Brown spoke to Mr. Poole regarding this project. Mr. Cohen has just purchased it and it's currently a student rental. He plans to renovate the entire interior. This will be a three bath and they want to expand out of the back and add a dormer so it's not cramped in the back. They also plan to re-roof the garage. The backside of the property faces the back side of a dead end alley.

Mr. Bunder doesn't object to this project. Mr. Sondgeroth also doesn't object to this application and compliments the application for his thorough application and photographs.

Commissioner Sondgeroth moved to accept the application and make a recommendation to approve. Commissioner Bunder seconded. The motion passed 2-0.

Commissioner Bunder moved to adjourn the meeting. Commissioner Sondgeroth seconded. The sub-committee adjourned at 6:10 p.m.
