Special Thanks to the West Lafayette School Corporation

Many programs and activities are conducted at various schools in the City of West Lafayette. Our special thanks to the West Lafayette School Corporation, Board of Education, faculty, and staff for their cooperation and support.

AQUATICS

City Municipal Pool

Located behind Happy Hollow School

Use Parking lot entrance on Kingston Dr.

Come on in, the water's fine! We offer a wonderfully wet schedule to help cool the summer heat! Recreational swimming is offered daily throughout the summer.

Look for our brightly colored flag, located by the front of the tennis courts. When the pool is open the flag will be flying. The pool hours are subject to change due to weather and low attendance.

- Children under 10 must be accompanied by a responsible person, 14 or older. All patrons are urged to read the rules which are posted at the pool.

- *No Floats!* For safety reasons, floatation devices are not allowed in the West Lafayette Municipal Pool except in the smaller wading pool, medium size pool, and by people with disabilities. The "No Flotation Device" policy is enforced because over-dependence on the reliability of floatation devices can be dangerous to the less-experienced swimmer. While the policy does not apply to the wading or medium sized pool, parents and guardians are strongly encouraged to watch their children at all times while they are in any of the pools. The only exception to the flotation device ban in the regular swimming pool is for individuals with disabilities. The West Lafayette Parks & Recreation Department will also make any other accommodations that may be necessary for individuals with disabilities to ensure enjoyment of our facilities & programs.

Slow Flow Vinyasa

This gentle, deep approach to vinyasa links breath and movement in a more typical vinyasa (or flow) class way while bringing the element of time to the practice. Slow flow allows a person to become familiar with his or her body, create a reflective pause, and create the time to go inward while strengthening and refining poses. West Lafayette Parks & Recreation FOUNDATION

Our Mission: *"The West Lafayette Parks & Recreation Foundation was established to solicit, receive, and provide funds and/or property, and to receive gifts, benefits, and memorials for securing, maintaining, and informing the public about facilities and programs for West Lafayette Parks & Recreation."*

There is a way to ensure that our children and all future generations will continue to enjoy the parks and open spaces that enhance the quality of life in West Lafayette. Municipal funding priorities change from year to year. Imagine no open spaces, no trees and shrubbery growing on public lands, or no place to simply enjoy nature. The West Lafayette Parks & Recreation Foundation is a way to keep greenspaces a priority in our community. Individuals may memorialize a family estate through a donation to the foundation. Owners of unique properties can protect the integrity of their land by donating it so that future generations may appreciate it as well. For more information on the Foundation, you can write to the Board:
