**NOTICE TO BIDDERS**

The Board of Public Works and Safety of the City of West Lafayette, Indiana will receive sealed bids for the **2016 CDBG SIDEWALK REPLACEMENT PROJECT** until the hour of **8:30 AM** local time on **Tuesday, August 16, 2016** at the Office of the Clerk, Morton Center, 222 North Chauncey Ave., Room 101, West Lafayette, Indiana 47906 for the completion of the work hereinafter listed. All bids received by said time will be held unopened and then taken to the Board of Public Works meeting in the Multi-Purpose Room of the Morton Community Center and there be publicly opened and read aloud. Late bids will be returned unopened. No oral, telephoned, telegraphed, facsimile, or email bids or changes to bids will be considered.

This project consists of replacing concrete sidewalks, curb, drive approaches, and universal access ramps as needed on Park Lane, Vine Street between Fowler Avenue and Meridian Street, Stadium Avenue between Grant Street and Rose Street, Sylvia Street between Grant Street and Salisbury Street, and Littleton Street between Quincy Street and Stadium Avenue.

Bids must be entered upon the bid form and the State Form 52414 (R2/ 2-13)/Form 96 (Revised 2013) submitted in triplicate with the bid and non-collusion affidavit properly executed, and must comply with the statutes of Indiana and with the rules and regulations of the State Board of Accounts of Indiana. Bids shall be in a sealed envelope marked **“2016 CDBG CURB AND SIDEWALK PROJECT”**.

The bid must be accompanied by a certified or cashier's check or bid bond in an amount not less than five percent (5%) of the total bid price made in favor of the City of West Lafayette, Indiana, which amount shall accrue to and become the property of the City. Should the Bidder, awarded the contract, fail to enter into the required written agreement and secure same with the required one hundred percent (100%) performance, payment and guarantee bond. Wage rates on the project shall not be less than the Federal Davis-Bacon wage scale published by US Department of Labor.

Instructions to Bidders, General Conditions, Special Conditions and Specifications are on file at the Office of the Clerk. Copies may be obtained on and after July 14, 2016, without deposit, from the Office of the City Engineer, Morton Center, 222 North Chauncey Ave., Room 102, West Lafayette, Indiana 47906, phone (765) 775-5130.

Bids remain in effect for thirty (30) days. The Board reserves the right to reject any or all bids and waive irregularities of bidding.

2016 CDBG Curb and Sidewalk Replacement Project

SECTION 00200

**INSTRUCTIONS TO BIDDERS**

ARTICLE 1      DEFINED TERMS

- 1.01      Terms used in these Instructions to Bidders will have the meanings indicated in the General conditions of the Construction Contract and Supplementary Conditions.

ARTICLE 2      COPIES OF BIDDING DOCUMENTS

- 2.01      Refer to the Notice to Bidders for information on how and where copies of the Bidding Documents may be examined or obtained.
- 2.02      Complete sets of Bidding Documents must be used in preparing bids; the City of West Lafayette does not assume any responsibility for errors or misinterpretations resulting from the use of incomplete sets of Bidding Documents.
- 2.03      The City of West Lafayette, in making copies of the Bidding Documents available does so only for the purpose of obtaining bids on the work and does not confer a license or grant for any other use.

ARTICLE 3      QUALIFICATIONS OF BIDDERS

- 3.01      To demonstrate Bidder's qualifications to perform the work, each Bidder must complete the Experience Questionnaire on the State Form 52414 (R2/ 2-13)/Form 96 (Revised 2013). The Bidder's financial statement shall be submitted in a separately sealed envelope, clearly marked Bidder's Financial Statement, enclosed in the sealed envelope containing the bid. The financial statement will be returned to the Bidder unopened with his Bid Security unless it is necessary to open the envelope for the purpose of determining the award. The financial statement submitted by the successful Bidder will be retained by the City.
- 3.02      Bidders who are nonresident corporations shall furnish to the City a certified copy of the Certificate of Authority to do Business in Indiana issued by the State of Indiana within 15 calendar days of notice to do so. Such notice will be given to Bidders who are nonresident corporations, to whom it appears an award will be made, and the copy of the certificate must be filed with the City before the award will be made. Failure to promptly submit this evidence of qualification to do business in the State of Indiana may be basis for rejection of the bid.

- 3.03 Each bidder must ensure that to the greatest extent feasible, opportunities for training and employment should be given to lower income residents of the project area and purchases and/or contracts for work in connection with the project should be awarded to small business concerns which are located in, or owned in substantial part by persons residing in, the area of the project.
- 3.04 Any one of the following causes may be considered as sufficient for the disqualification of a Bidder and the rejection of its bid.
- A More than one bid for the same work from one individual, firm, or corporation under the same or different names.
  - B Evidence of collusion among Bidders. Participants in such collusion will receive no recognition as Bidders for any future work of the City of West Lafayette until any such participant shall have been reinstated as a qualified Bidder.
  - C Lack of competency and adequate machinery, plant, and other equipment, as revealed by the Financial Statement and Experience Questionnaire.
  - D Unsatisfactory performance record as shown by past work judged from the standpoint of workmanship and progress.
  - E Uncompleted work which, in the judgment of the City, might hinder or prevent the prompt completion of additional work if awarded.
  - F Failure to pay, or satisfactorily settle, all bills due for labor and material on former contracts in force at the time of the bid opening.

#### ARTICLE 4 EXAMINATION OF CONTRACT DOCUMENTS, OTHER RELATED DATA, AND SITE

- 4.01 It is the responsibility of each Bidder before submitting a bid to:
- A Examine and carefully study the Bidding Documents, including any Addenda and the other related data identified in the Bidding Documents;
  - B All Bidders are to inform themselves of the conditions under which the work is to be performed, the site of the work, the obstacles which may be encountered, and all other relevant matters concerning the work to be performed. The successful Bidder will not be allowed any extra compensation by reason of any matter or thing concerning which said Bidder might have fully informed himself, because of his failure to have so informed himself prior to the bidding.
  - C Become familiar with and satisfy Bidder as to all federal, state, and local laws

00200-2

and regulations that may affect cost, progress, or performance of the work;

- D To study and carefully correlate Bidder's knowledge and observations with the Contract Documents and such other related data;
  - E Verify for themselves the accuracy of said quantities for their bidding purposes and adjust as necessary to satisfy the accuracy of their bids. Any and all quantities listed in these construction documents are approximate and for estimate purposes only. Any estimated quantity shown as UNDISTRIBUTED, shall be included in the base bid and be used to obtain a unit price based on the anticipated quantity. In other words, where 100 LF of drain tile is shown as an undistributed item, the bidder should include that quantity in their base bid and reflect the corresponding unit price, as requested, to allow additions or deletions to the anticipated quantity as determined by field conditions;
  - F To promptly notify Engineer of all conflicts, errors, ambiguities, or discrepancies which Bidder has discovered in or between the Contract Documents and other such related documents. Bidders requiring clarification or interpretation of the Bidding Documents shall make a written request to the City at least four (4) days prior to the date for receipt of bids;
  - G Become aware of the general nature of the work to be performed by the City and others at the site that relates to the work as indicated in the Bidding Documents;
  - H Correlate the information known to Bidder, information and observations obtained from visits to the site, reports and drawings identified in the Bidding Documents, and all additional examinations, investigations, explorations, tests, studies, and data with the Bidding Documents;
  - I Agree at the time of submitting its bid that no further examinations, investigations, explorations, tests, studies, or data are necessary for the determination of its bid for performance of the work at the price bid and within the times and in accordance with the other terms and conditions of the Bidding Documents; and
  - J Determine that the Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the performance of the work.
- 4.02 The submission of a bid will constitute an incontrovertible representation by Bidder that Bidder has complied with every requirement of this Article 4, that without exception the bid is premised upon performing and furnishing the work required by the Bidding Documents and applying any specific means, methods, techniques, sequences, and procedures of construction that may be shown or

indicated or expressly required by the Bidding Documents, that Bidder has given Engineer written notice of all conflicts, errors, ambiguities, and discrepancies that Bidder has discovered in the Bidding Documents and the written resolutions thereof by Engineer are acceptable to Bidder, and that the Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performing and furnishing the work.

## ARTICLE 5 PRE-BID CONFERENCE

5.01 There is not a pre-bid conference for this project.

## ARTICLE 6 SITE AND OTHER AREAS

6.01 The site is identified in the Bidding Documents. All additional lands and access thereto required for temporary construction facilities, construction equipment, or storage of materials and equipment to be incorporated in the work are to be obtained and paid for by Contractor. Easements for permanent structures or permanent changes in existing facilities are to be obtained and paid for by the City unless otherwise provided in the Bidding Documents.

## ARTICLE 7 INTERPRETATIONS AND ADDENDA

7.01 No interpretation of the meaning of the Plans, Drawings, or other Contract Documents will be made to any Bidder orally. All questions about the meaning or intent of the bidding documents are to be directed to the City Engineer's Office in writing, mailed to: 222 N. Chauncey Avenue, West Lafayette, Indiana 47906. Interpretations or clarifications considered necessary by the Engineer in response to such questions will be issued by addenda. Addenda will be mailed or delivered to all who are known by the City of West Lafayette to have received a complete set of Bidding Documents. Copies of Addenda will be made available for inspection wherever Bidding Documents are on file for that purpose. No Addenda will be issued later than three (3) days prior to the date for receipt of bids except an Addendum, if necessary, postponing the date for receipt of bids or withdrawing the request for bids. Each bidder shall ascertain prior to submitting his bid that he has received all Addenda issued, and he shall acknowledge their receipt in his bid.

7.02 Any interpretation, correction or change of the Bidding Documents will be made by Addendum. Interpretations, corrections or changes of the Bidding Documents made in any other manner will not be binding, and bidders shall not rely upon such interpretations, corrections and changes.

ARTICLE 8 BID SECURITY

- 8.01 Each bid must be accompanied by bid security made payable to the City of West Lafayette in an amount of five percent (5%) of Bidder's maximum bid price and in the form of a certified or bank cashier's check or a Bid Bond, on the form attached, issued by a surety meeting the requirements of paragraphs 5.01 and 5.02 of the General Conditions.
- 8.02 The bid security of the successful Bidder will be retained until such Bidder has executed the Contract Documents, furnished the required contract security and met the other conditions of the Notice of Award, whereupon the bid security will be returned. If the successful Bidder fails to execute and deliver the Contract Documents and furnish the required contract security within fifteen (15) days after the Notice of Award, the City may annul the Notice of Award and the bid security of that Bidder will be forfeited. The bid security of other Bidders whom the City believes to have a reasonable chance of receiving the award may be retained by the City until the earlier of the seventh day after the effective date of the agreement or the 90<sup>th</sup> day after the bid opening, whereupon bid security furnished by such Bidders will be returned.
- 8.03 Bid security of other Bidders whom the City believes do not have a reasonable chance of receiving the award will be returned within seven days after the bid opening.

ARTICLE 9 CONTRACT TIMES

- 9.01 The Contractor agrees that he will have the work contained in this contract substantially completed by **July 14, 2017** and final completion by **July 28, 2017**

ARTICLE 10 LIQUIDATED DAMAGES

- 10.01 Failure to have final completion by July 28, 2017 will result in a \$5,000 per calendar day penalty.

ARTICLE 11 SUBSTITUTE AND "OR EQUAL" ITEMS

- 11.01 The materials, products and equipment described in the Bidding Documents establish a standard of required function, dimension, appearance and quality to be met by any proposed substitution. No substitution will be considered unless written request for approval has been submitted by the Bidder and has been received by the City Engineer at least five (5) days prior to the date for receipt of bids. Each such request shall include the name of the material or equipment for which it is to be substituted and a complete description of the

proposed substitute including drawings, cuts, performance and test data and any other information necessary for an evaluation. A statement setting forth any changes in other materials, equipment or work that incorporation of the substitute would require shall be included. The burden of proof of the merit of the proposed substitute is upon the person who proposes it. The City Engineer's decision of approval or disapproval of the proposed substitution shall be final. If the City Engineer approves any proposed substitution, such approval will be set forth in an Addendum. Bidders shall not rely upon approvals made in any other manner.

- 11.02 Before any contract is awarded, the Bidder may be required to furnish a complete statement of origin, composition, and manufacture of any or all materials to be used in the construction of the work together with samples. These samples may be subjected to tests provided for in these specifications to determine their quality and fitness for the work.

## ARTICLE 12 PREPARATION OF BID

- 12.01 The Bid Proposal Form is included with the Bidding and Contract Documents. Prepare and present the Bid Form, including a fully executed State Form 52414 (R2 / 2-13)/Form 96 (Revised 2013) together with the Additional Provisions, in accordance with the Instructions to Bidders.
- 12.02 All blanks on the Bid Form shall be completed by printing in black ink and the bid signed. A bid price shall be indicated for each bid item listed therein.
- 12.03 A bid by a corporation shall be executed in the corporate name by the president or a vice-president or other corporate officer accompanied by evidence of authority to sign. The corporate seal must be affixed and attested by the secretary or an assistant secretary. The corporate address and state of incorporation shall be shown below the signature.
- 12.04 A bid by a partnership shall be executed in the partnership name and signed by a partner, whose title must appear under the signature, accompanied by evidence of authority to sign. The official address of the partnership shall be shown below the signature.
- 12.05 A bid by a limited liability company shall be executed in the name of the firm by a member and accompanied by evidence of authority to sign. The state of formation of the firm and the official address of the firm must be shown below the signature.
- 12.06 A bid by an individual shall show the Bidder's name and official address.
- 12.07 A bid by a joint venture shall be executed by each joint venturer in the manner

00200-6

indicated on the Bid Form. The official address of the joint venture must be shown below the signature.

- 12.08 Print all names in black ink below the signatures.
- 12.09 Acknowledge receipt of all Addenda on the Bid Form.
- 12.10 Show the address and telephone number for communications regarding the bid.
- 12.11 Provide evidence of authority to conduct business as an out-of-state corporation in the State of Indiana in accordance with Article 3 above. Show state contractor license number, if any.

#### ARTICLE 13 SUBMITTAL OF BID

- 13.01 A bid shall be submitted no later than the time and place indicated in the Notice to Bidders and shall be enclosed in a sealed envelope, marked with the Project title (and, if applicable, the designated portion of the Project for which the bid is submitted) and name and address of Bidder, and accompanied by the bid security and other required documents. If the bid is sent through the mail or other delivery system, the sealed envelope containing the bid must be enclosed in a separate envelope plainly marked on the outside with the notation "**BID – 2016 CDBG Curb and Sidewalk Replacement Project**". A mailed bid shall be addressed to City of West Lafayette, 222 N. Chauncey Avenue, West Lafayette, Indiana 47906 and sent by Certified Mail. Mailed bids must be received no later than the time fixed for opening bids.

#### ARTICLE 14 MODIFICATION AND WITHDRAWAL OF BID

- 14.01 A bid may be modified or withdrawn by an appropriate document duly executed in the manner that a bid must be executed and delivered to the place where bids are to be submitted prior to the date and time for the opening of bids.
- 14.02 If, within 24 hours after bids are opened, any Bidder files a duly signed, written notice with the City and promptly thereafter demonstrates to the reasonable satisfaction of the Engineer that there was a material and substantial mistake in the preparation of its bid, that Bidder may withdraw its bid and the bid bond will be returned. Thereafter, that Bidder will be disqualified from further bidding on the work to be provided under the Contract Documents.

#### ARTICLE 15 OPENING OF BIDS

00200-7

- 15.01 Bids will be opened at the time and place indicated in the advertisement or Notice to Bidders and, unless obviously nonresponsive, read aloud publicly.

#### ARTICLE 16 BIDS TO REMAIN SUBJECT TO ACCEPTANCE

- 16.01 All bids will remain subject to acceptance for 30 calendar days after the day of the bid opening, but the City may, in its sole discretion, release any bid and return the Bid Security prior to that date.

#### ARTICLE 17 AWARD OF CONTRACT

- 17.01 The City reserves the right to reject any or all bids, including, without limitation, the rights to reject any or all nonconforming, nonresponsive, unbalanced or conditional bids and to reject the bid of any Bidder if the City believes that it would not be in the best interest of the project to make an award to that Bidder, whether because the bid is not responsive or the Bidder is unqualified or of doubtful financial ability or fails to meet any other pertinent standard or criteria established by the City. The City also reserves the right to waive all information not involving price, time or changes in the work and to negotiate contract terms with the successful Bidder. Discrepancies between the multiplication of units of work and unit prices will be resolved in favor of unit prices. Discrepancies between the indicated sum of any column of figures and the correct sum figures will be resolved in favor of the words.
- 17.02 In evaluating bids, the City will consider whether or not the bids comply with the prescribed requirements, and such alternates, unit prices and other data, as may be requested in the Bid Form or prior to the Notice of Award.
- 17.03 The City may conduct such investigations as the City deems necessary to establish the responsibility, qualifications and financial ability of Bidders to perform the work in accordance with the Contract Documents.
- 17.04 If the contract is to be awarded, the City will award the contract to the bidder whose bid will be in the best interests of the project.

#### ARTICLE 18 CONTRACT SECURITY AND INSURANCE

- 18.01 Article 5 of the General Conditions, as may be modified by the Supplementary Conditions, sets forth the City's requirements as to performance and payment bonds and insurance. When the successful Bidder delivers the executed Agreement to the City, it must be accompanied by such bonds.
- 18.02 Article 5 of the General Conditions, as may be modified by the Supplementary

Conditions, sets forth the City's requirements as to insurance. Certificates of Insurance (and other evidence of insurance requested by the City or other additional insured) must be furnished, as required, before beginning work.

#### ARTICLE 19 SIGNING OF AGREEMENT

19.01 When the City gives a Notice of Award to the successful Bidder, it will be accompanied by the required number of unsigned counterparts of the Agreement with the other Contract Documents, which are identified in the Agreement as attached thereto. Within 15 days thereafter, successful Bidder shall sign and deliver the required number of counterparts of the Agreement and attached documents to the City with the required Bonds. Within ten days thereafter the City shall deliver one fully signed counterpart to successful Bidder.

#### ARTICLE 20 SALES AND USE TAX

20.01 The City is exempt from Indiana State Sales and Use Taxes on materials and equipment to be incorporated in the work. Said taxes shall not be included in the contract price.

#### ARTICLE 21 RETAINAGE

21.01 Provisions concerning retainage are set forth in the Agreement.

#### ARTICLE 22 WAGE RATES

22.01 Wage rates on the project shall not be less than the Federal Davis-Bacon wage scale published by US Department of Labor. The prevailing wage rates applicable to the project are made a part of the Supplementary Conditions.

END OF SECTION

SECTION 00500

**AGREEMENT FORM**

**2016 CDBG Curb and Sidewalk Replacement Project**

This agreement, made this \_\_\_\_ day of \_\_\_\_\_, **2016** at West Lafayette, Indiana, by and between the Board of Public Works and Safety for the City of West Lafayette, Indiana (hereinafter referred to as the "**City**") and \_\_\_\_\_ (hereinafter referred to as the "**Contractor**").

**WITNESSETH:**

That in consideration of the mutual covenants hereinafter set forth, the **City** and the **Contractor** agree as follows:

**Article 1: SCOPE OF WORK**

The **Contractor** shall furnish all labor and tools and equipment and do all things required for complete installation, construction, and resurfacing in accordance with the plans and specifications. The plans and specifications shall be on file in the office of the City Engineer.

**Article 2: PAYMENT**

The **City** shall pay to the **Contractor**, in full and complete payment for all performance of the Contract, in current funds. The estimated sum of \_\_\_\_\_ defined as the contract price, and computed from the Contractor's Bid included herein. The final contract price will be the result of the actual installed quantities of materials multiplied by the corresponding contract unit prices. Variance from the estimated plan quantities will be done by change order for any additions or deletions to the contract as determined by the work and approved by the West Lafayette Board of Public Works and Safety.

Said contract price shall be paid to the **Contractor** in installments in the manner provided in, and under conditions of, the General Conditions.

If litigation is commenced to enforce any term of this contract, the prevailing party is entitled to receive litigation costs including reasonable attorney fees.

**Article 3: CONTRACT DOCUMENTS**

The contract documents include this agreement, current wage rate table, the General Conditions, Special Conditions, Materials Specifications, the Contractor's maintenance bond, and the Contractor's certification of insurance, together with plans and any

subsequent addenda.

Said documents are hereby incorporated into and made a part of this agreement the same as if herein fully set forth.

#### **Article 4: SEVERANCE**

The intent of the parties is that this agreement be deemed entire in the sense that its purpose is to establish one price for the doing of the whole work, and that it be deemed severable in the sense that the voidance of any part or portion shall not void the remainder.

It is understood and agreed that partial payments may be made for the mutual convenience of the **City** and **Contractor** but shall not be construed as the City's acceptance of a part or portion of the work. Acceptance is to only in the manner prescribed in the General Conditions.

#### **Article 5: RECORDS**

The **Contractor** will maintain proper records for review by the **City**.

#### **Article 6: DATE OF COMPLETION**

The **Contractor** agrees that he will have the work contained in this contract substantially completed by July 14, 2017 and final completion by July 28, 2017

#### **Article 7: INSURANCE**

During construction of the Project, **Contractor** shall maintain policies of insurance for Workers' Compensation as well as general liability insurance in the amount of \$1,000,000 or more. Each such policy shall: (a) be written by a company reasonably acceptable to **City**; and (b) provide that it shall not be modified or canceled without written notice to **City** at least 30 days in advance. The policy of general liability insurance required by this Section to be maintained by **Contractor** shall name the **City** as an additional insured. **Contractor** shall deliver to the **City** certificates of the insurance policies required by this Section, executed by the insurance company or the general agency writing such policies.

#### **Article 8: INDEMNITY AND HOLD HARMLESS AGREEMENT.**

The **City** shall be indemnified, held harmless, and defended by **Contractor** for any claims whatsoever arising out of, as a result of, or in connection with the work performed by **Contractor** including, but not limited to:

(i) injury to, or death of, persons or loss of, or damage to, property, suffered in connection with performance of any work on the project site by **Contractor** or any party acting by,

00500-2

under, through, or on behalf of **Contractor**;

(ii) the negligence or willful misconduct of **Contractor** or any party acting by, under, through, or on behalf of **Contractor**; or

(iii) the breach by **Contractor** of any term or condition of this Agreement;

Further, **Contractor** shall be responsible for obtaining or maintaining any permits required by any governmental or public or private administrative body, whatever it may be, in connection with the services set out in Article 1. **Contractor** shall be required to ensure that the company, and its operations in connection with the services set out in Article 1, conform to any applicable statutes, regulation, ordinances, treaties, rules of common law, or other law.

#### **Article 9: PREVAILING PARTY – ATTORNEY FEES**

Notwithstanding any term or condition in this Contract to the contrary, in the event litigation is commenced to enforce any term or condition of this Contract, the prevailing party shall be entitled to costs and expenses of litigation including a reasonable attorney fee.

#### **Article 10: ENGAGING IN ACTIVITIES WITH IRAN**

By signing this Contract, **Contractor** certifies that it is not engaged in investment activities in the country of Iran as set forth in I.C. 5-22-16.5.

#### **Article 11: E-VERIFY**

**Contractor** shall comply with E-Verify Program as follows:

a. Pursuant to IC 22-5-1.7, **Contractor** shall enroll in and verify the work eligibility status of all newly hired employees of **Contractor** through the E-Verify Program (“Program”). **Contractor** is not required to verify the work eligibility status of all newly hired employees through the Program if the Program no longer exists.

b. **Contractor** and its subcontractors shall not knowingly employ or contract with an unauthorized alien or retain an employee or contract with a person that **Contractor** or its subcontractors subsequently learns is an unauthorized alien. If **Contractor** violates this Section 9(b), the **City** shall require **Contractor** to remedy the violation not later than thirty (30) days after the **City** notifies **Contractor**. If **Contractor** fails to remedy the violation within the thirty (30) day period, the **City** shall terminate the contract for breach of contract. If the **City** terminates the contract, **Contractor** shall, in addition to any other contractual

00500-3

remedies, be liable to the **City** for actual damages. There is a rebuttable presumption that **Contractor** did not knowingly employ an unauthorized alien if **Contractor** verified the work eligibility status of the employee through the Program.

c. If **Contractor** employs or contracts with an unauthorized alien but the **City** determines that terminating the contract would be detrimental to the public interest or public property, the **City** may allow the contract to remain in effect until the **City** procures a new contractor.

d. **Contractor** shall, prior to performing any work, require each subcontractor to certify to Contractor that the subcontractor does not knowingly employ or contract with an unauthorized alien and has enrolled in the Program. **Contractor** shall maintain on file a certification from each subcontractor throughout the duration of the Project. If **Contractor** determines that a subcontractor is in violation of this Section 7(d), **Contractor** may terminate its contract with the subcontractor for such violation. Such termination may not be considered a breach of contract by **Contractor** or the subcontractor.

e. By its signature below, **Contractor** swears or affirms that it i) has enrolled and is participating in the E-Verify program, ii) has provided documentation to the **City** that it has enrolled and is participating in the E-Verify program, and iii) does not knowingly employ an unauthorized alien.

#### **Article 11: NON-DISCRIMINATION**

**Contractor** agrees:

a. That in the hiring of employees for the performance of work under this contract or any subcontract hereunder, no contractor, or subcontractor, nor any person acting on behalf of such contractor or subcontractor, shall, by reason of race, religion, color, sex, national origin or ancestry, discriminate against any citizen of the State of Indiana who is qualified and available to perform the work to which the employment relates;

b. That no contractor, subcontractor, nor any person on his behalf shall, in any manner, discriminate against or intimidate any employee hired for the performance of work under this contract on account of race, religion, color, sex, national origin or ancestry;

c. That the **City** may deduct from the amount payable to the contractor a penalty of five dollars (\$5.00) for each person for each calendar day during the which such person was discriminated against or intimidated in violation of the provisions of the contract;

00500-4

d. If there is a second or any subsequent violation of the terms or conditions of this section, then this contract may be cancelled or terminated by **City** and all money due or to become due hereunder will be forfeited.

**IN WITNESS WHEREOF** we have set our hands the day and year first above written.

## ARTICLE 1 SCOPE

- 1.01 Contractor shall furnish all labor and materials, equipment, services, tools, fuel, water, electricity, transportation and all other items necessary for, and incidental to, complete construction of the work, and shall do all things required by the contract documents.
- 1.02 Contractor shall procure all permits and licenses and pay all charges and fees in connection there-with, and shall give all notices, necessary for, and incidental to, lawful prosecution of the work.
- 1.03 The General Conditions apply equally to all classifications of work.

## ARTICLE 2 DEFINITIONS

- 2.01 City refers to the City of West Lafayette, Indiana.
- 2.02 Contractor is identified in the written agreement.
- 2.03 Subcontractor is a person, firm or corporation undertaking a portion of the work by virtue of an agreement with the Contractor. A subcontractor bears no contractual relationship to the City and under the City-Contractor agreement is deemed an employee of the Contractor.
- 2.04 Engineer refers to the City Engineer of the City of West Lafayette, Indiana.
- 2.05 Plans refer to the approved drawings, profiles, sections, details and notations issued by the City as the basis for bidding and for construction of the project.
- 2.06 Specifications the written directions, provisions, requirements and instructions, together with all material incorporated therein by reference, pertaining to the work and issued by the City as supplemental to the plans.
- 2.07 Working Drawings refer to data sheets, shop and setting drawings, erection drawings, false work drawings, coffer dam plans, bending diagrams for reinforcing steel, and supplemental plans and that which the Contractor is required to submit to the Engineer for approval.
- 2.08 Contract Documents include the written agreement between the City and the Contractor together with all Modification Agreements, the plans and specifications together with all addenda, the Contractor's bid, performance bond and certificate of insurance, the Advertisement for Bids, the Instruction to Bidders, these General Conditions, the Special Conditions, and the working drawings.

- 2.09 Project refers to the improvements which are the subject to the contract documents.
- 2.10 Site is the field location of the project.
- 2.11 Work includes all performance required of the Contractor under the Contract Documents. It also includes all materials, labor, tools, equipment, services, fuel, water, electricity, transportation, apparatus, controls, services, and related items which are necessary, or are customarily furnished, for proper and complete construction, erection and installation of materials, equipment and systems.
- 2.12 Extra Work includes any work by the Contractor in addition to that required by the Contract Documents, when secured by a written Modification Agreement executed by the City and by the Contractor.
- 2.13 Addendum (plural Addenda) is a correction of, addition to, modification of, or clarification of the plans and specifications, and is issued by the Engineer prior to the time set for receiving bids.
- 2.14 Modification Agreement is a written pact between the City and the Contractor, pertaining to the project, and entered subsequently to the signing of the contract.
- 2.15 Approved or Approval refers to an act of the Engineer unless the wording in context refers specifically to another.
- 2.16 Or Equal or Equal To refers to favorable comparison to a specific standard and is by decision of the Engineer.
- 2.17 Graphic Symbols are as defined, or indicated by notation, on the plans and working drawings.
- 2.18 Any technical term or abbreviation which is not defined in the contract documents shall be construed according to its usage in the edition of Indiana Department of Transportation Standard Specification current at the time of signing of the contract.

### ARTICLE 3 CODES AND ORDINANCES

- 3.01 The following codes and standards insofar as they pertain to field construction shall govern the work, except that in any case of conflict with the General Conditions or with the plans and specifications said General Conditions and plans and specifications shall govern:

00700-4

- A Edition of the Indiana Dept. of Transportation Standard Specifications current at the time of signing the bids, except that the work "Dept." as used therein shall be changed to "City"
- B The edition of the American Concrete Institute Code current at the time of signing the bids
- C The edition of the American Institute of Steel Construction Code current at the time of signing of the bids
- D Rules and regulations of the Dept. of Fire & Building Services, the State Board of Health of Indiana, and the State Fire Marshal
- E Codes and Ordinances of the City of West Lafayette, Indiana
- F Laws of the United States and statutes of Indiana

#### ARTICLE 4 COORDINATION

- 4.01 The Contractor shall give not less than 72 hours advance notice to the Police Department, the Fire Department and emergency ambulance services before blocking off of any traffic lane, and shall notify said departments when such blockage is removed.
- 4.02 Contractor shall not permit drainage of surface water, storm runoff water, or water standing in any pond or excavation, into any sewer before completion of the project and shall bear all costs of damages to the sewer and to properties connected to such sewer should such drainage into a sewer occur.

#### ARTICLE 5 PLANS AND SPECIFICATIONS

- 5.01 It is the intent of the plans and specifications that each compliments the other in describing the work. What is called for by one shall be as binding as if called for by both.
- 5.02 It is the intent of the plans and specifications that items which, in the knowledge of craftsmen skilled in the trade, or which are generally known to be necessary to the adequacy or function of the finished project, or which are made mandatory by code, ordinance or statute and are, therefore, included by reference to such code, ordinance or statute, shall be furnished and installed without extra charge even though not specifically mentioned in the contract documents.
- 5.03 In event of discrepancy between the documents the Engineer's interpretation,

00700-5

delivered in writing, shall be a condition precedent to litigation.

- 5.04 Plans and specifications are prepared in such manner as to facilitate the letting of separate contracts. In each separate contract with the City the word "contractor" shall be used as herein defined: in no case shall it be construed as referring to a subcontractor.

## ARTICLE 6 SEVERANCE

- 6.01 The contract is deemed several in the sense that voidance of any part or portion shall not void the remainder. It is deemed entire in the sense that the intent is to establish one price for the doing of the whole work; partial payments are not allocated absolutely to certain parts of the work but are made for the mutual convenience of the Contractor and the City. Partial payment shall not be construed as final acceptance of work done or of any material incorporated into the construction.

## ARTICLE 7 CLASSIFICATIONS OF CONSTRUCTION, SEPARATE CONTRACTS

- 7.01 The City shall have the right to engage separate contractors for different classifications of construction, and at any time during the construction period, or thereafter, to engage others for work pertaining to construction or occupancy and not already under contract, and each shall have right of access to the project.
- 7.02 It shall be the duty of each contractor to coordinate his work with that of others, and to place his work in such manner that no extra work or extra expense is placed upon others. Each shall do such cutting and patching as is necessary to receive his work, and shall patch, or integrate into the construction, such cutting to the satisfaction of the City, and shall bear full guarantee responsibility for his cutting and patching of the work of others. Each contractor shall be responsible for excavating to receive his own work and for backfilling such excavation to the standards of the construction specifications.
- 7.03 Where the work of two (2) or more contractors is interdependent for final function, and such final function is impaired by reason of failure of coordination between contractors, the entire cost of correction shall be borne by the contractor responsible. The Engineer shall decide such issues and his written decision shall be a condition precedent to litigation.
- 7.04 Where damage to the project or any of its component parts occurs in consequence of defective materials or workmanship, or of defective or malfunctioning part or mechanism, the contractor responsible for the initial installation of such material, workmanship, part of mechanism shall bear all

costs of repair of such damage. The Engineer shall decide such issues and his written decision shall be a condition precedent to litigation.

ARTICLE 8 BOND, INSURANCE, LEGAL RESPONSIBILITY, AND PUBLIC SAFETY

8.01 The Contractor shall furnish to the City an acceptable performance and payment bond in the amount of one hundred percent (100%) of the contract price including subsequent modifications of work and contract price. Said bond shall secure the Contractor's performance, and payment of labor, materials, subcontractors, supplies and any furnishing service. Bid bond shall be written by a surety authorized to do business in the State of Indiana and who maintains at least one (1) established place of business, in the State and in a location of which the continuance is not dependent upon decision of individual personnel of the Surety within the State.

8.02 The City of West Lafayette's risk management strategy requires the contractor provide us with evidence of insurance that meets the minimum requirements listed below for this project. This coverage must be placed with an insurance company with an A.M. Best rating of A-VII or better. Please provide a Waiver of Subrogation in favor of the City of West Lafayette, Indiana as it pertains to Commercial General Liability, Workers Compensation, and Automobile Liability.

8.03 Insurance Requirements:

*(a) Commercial General Liability (Occurrence Form)*

Each Occurrence	\$1,000,000
Products/Completed Operations Aggregate	\$2,000,000
General Aggregate	\$2,000,000
(other than Prod/Comp Ops Liability)	
Personal & Advertising Injury Liability	\$1,000,000

Coverage shall be subject to a per project or vendor general aggregate provision that names all jobs performed by subcontractor if applicable. The City of West Lafayette, Indiana must be named as an Additional Insured per ISO forms CG2010 and CG2037 or their equivalent. The insurance will be considered primary and noncontributory before any other applicable coverage. Include Waiver of Subrogation in favor of the City of West Lafayette, Indiana.

*(b) Automobile Liability \$1,000,000 each accident*

If subcontractor at any time transports hazardous materials, subcontractor shall carry appropriate auto pollution coverage. Hired and Non-Owned auto liability coverage is to be included. The insurance will be considered primary and noncontributory before any other applicable coverage. Include Waiver of Subrogation in favor of the City of West Lafayette, Indiana.

00700-7

fees and charges pertaining thereto.

## ARTICLE 9 USE OF SITE

9.01 The Contractor bears full responsibility for prevention of injury to or destruction of streets, roads, pavements, drives, curbs, parking areas, ponds, graded areas, walkways, fences, signs, plantings and beddings, trees and shrubbery, grass, walls, buildings, structures, wires, poles, guys, foundations, conduits, pipes, mains, sewers, and all appurtenances, apparatus and construction pertaining thereto, and all items of existing construction of whatsoever nature, and shall bear all costs of satisfactory repair, replacement or restitution without additional compensation from the City.

## ARTICLE 10 MATERIALS AND TESTING

10.01 Only materials approved by the Engineer as conforming to the plans and specifications shall be used in construction. Approval of a source shall not constitute acceptance of all materials from that source.

10.02 The Contractor shall provide such facilities as the Engineer may require for collecting and forwarding of samples. All samples shall be furnished by the Contractor without charge.

## ARTICLE 11 WORKMANSHIP

11.01 Workmanship shall be to the best quality of each trade involved.

## ARTICLE 12 PROSECUTION AND PROGRESS

12.01 Construction shall start within the ten (10) calendar days following consecutively after the Engineer's issuance of the notice to proceed, or as soon after said ten (10) days as weather and site conditions shall permit.

12.02 Should the Contractor fail to deploy at the site during normal working hours sufficient labor, equipment and materials to take full advantage of permissive weather and site conditions, or shall perform construction unsuitable or in a reckless or irresponsible manner, or shall neglect or refuse to remove unsuitable construction and replace same with approved construction, or shall discontinue all or any part of construction before completion without approval of the Engineer, or shall fail to pay bills pertaining to the work, or shall become unable adequately to finance the work, the following rights shall accrue to the City:

A The right to refuse further payment as long as the Contractor's delinquency  
00700-9

shall exist, and

- B The right to notify the Contractor or Surety, or both, that such delinquency exists and to specify what action shall be taken by the Contractor or Surety, or both. If the Contractor or Surety shall not, within the fourteen (14) calendar days following consecutively after the day of such notice, proceed in accordance therewith, and thereafter continue diligently in accordance therewith, the City shall have the right to take all or any part of the work out of the Contractor's hands. The City shall then have the option of employing others to finish such work or of turning such work over to the Surety for completion. All costs, legal fees and engineering fees thereby incurred by the City shall be deducted from the unpaid balance of the contract price, and, if such unpaid balance is insufficient or non-existent, shall lie against the bond.
- C The rights stated under (a) and (b) above are not mutually exclusive. The City may exercise any or all of said rights, or may exercise the rights stated under (a) and, at a later date exercise the rights under (b).
- D The Contractor shall have no additional compensation on account of the City's exercise of rights under (a) and (b) above.

#### ARTICLE 13 CONTRACTOR'S PROCEDURES AND METHODS

- 13.01 The Contractor is an independent contractor. Construction procedures and methods are at Contractor's option, subject only to quality of materials used and that the finished construction meet the standards of the plans and specifications.
- 13.02 Neither the City nor the Engineer shall be deemed responsible for construction methods or procedures used by the Contractor, nor for the adequacy of safety of construction methods or procedures used by the Contractor.

#### ARTICLE 14 ACCEPTANCE OF CONSTRUCTION

- 14.01 It is the intent of the contract documents to provide for a completed project. It is the intent of the contract documents that one (1) price be established for the doing of the whole work. The Contractor is an independent contractor, responsible for constructing and turning over to the City the project completed and in accordance with plans and specifications.
- 14.02 No action of the City, its officials, or its agents or employees, and no action of the Engineer or any agent or employee of the Engineer, shall constitute final acceptance of portions or parts of the project, or of workmanship of a portion or part, or of a material installed.

00700-10

14.03 Upon completion of the project the Contractor shall so notify the Engineer. The Board of Public Works and Safety of the City of West Lafayette, Indiana, shall then inspect the project and furnish to the Contractor a written list of exceptions, if any. When such exceptions, if any, have been corrected by the Contractor, construction shall be deemed complete. The Board shall then furnish to the Contractor a written acceptance of the project.

#### ARTICLE 15 EXTRA WORK

15.01 All modification agreements shall be in writing.

#### ARTICLE 16 PAYMENT

16.01 Partial payments will be made, subject to restrictions stated elsewhere in these General Conditions, in such manner that the total of such payments shall at no time prior to final payment exceed ninety percent (90%) of the Contractor's investment in the work or of the contract price, whichever is the smaller.

16.02 Such payments shall be due and payable on or before the tenth (10th) day of each calendar month on application submitted on or before the first (1st) day of such month.

16.03 Each request for payment shall be supported by an itemized statement listing the following:

- A Original contract price
- B Modification agreement prices
- C Current contract price
- D Total cumulative value of work done
- E Deduction of ten percent (10%) of such total cumulative value
- F Net amount earned
- G Deduction of previous payments
- H Amount of payment to be made

16.04 Each request shall be supported by the certificate of the Engineer.

16.05 Ten percent (10%) of the contract price including extras and credits, shall be withheld during the sixty (60) calendar days following consecutively after the date of acceptance of the project and shall be due and payable on the sixty first (61st) day. The Board of Public Works and Safety may, at its discretion, waive the sixty (60) day withholding period upon Contractor's submittal of evidence of payment of all claims pertaining to the work, or submittal of waivers of lien executed by creditors.

00700-11

16.06 The City shall have the right to withhold from amounts due the Contractor sufficient sums to pay all labor, subcontractors, materials suppliers and those furnishing services, and such amounts as the City may deem necessary to protect its interest on account of:

- A defective work;
- B claim filed or reasonable evidence of a claim to be filed;
- C failure of the Contractor to make payments properly to labor, subcontractors, materials suppliers and others in interest;
- D a reasonable doubt that the work can be completed for the unpaid balance; and
- E failure, or refusal, of the Contractor to expedite the work in compliance with the contract documents.

#### ARTICLE 17 ASSIGNMENT

17.01 The Contractor shall not assign the contract or monies due under the contract without written consent of the City.

#### ARTICLE 18 USE OF SUBCONTRACTORS

18.01 The Contractor shall have the right to employ subcontractors for a reasonable amount of the work, and his selection of individual subcontractors shall not be subject to review by, or approval of, the City.

18.02 No contractual relationship, pertaining to the work, shall exist between the City and any subcontractor. No act of supervision or inspection, or any approval or acceptance given, shall be taken as implying a contractual relationship between the City and any subcontractor. A subcontractor is to be deemed an employee of the Contractor. The Contractor shall bear full responsibility for the actions of subcontractors, the same as for other employees of the Contractor.

#### ARTICLE 19 DISCIPLINE

19.01 The Engineer shall have the right to require removal from the project of employees of the Contractor for overt incompetence, recklessness, negligence, damage to work, or for language, habits, manners or acts offensive to the community.

19.02 No intoxicating beverages shall be permitted on the site. The Engineer shall have the right to require dismissal of any employee appearing to be under the influence of alcohol.

00700-12

## ARTICLE 20 CLAIMS FOR EXTRA WORK

- 20.01 No claim for extra compensation shall be allowed where based upon failure of the Contractor to understand the plans and specifications, nor upon failure of the Contractor to discover work noted upon the plans or in the specifications.
- 20.02 No claim for extra compensation shall be allowed where based upon an oral agreement. All agreements shall be in writing and signed by all parties to the contract.

## ARTICLE 21 DISCHARGE OF CONTRACT

- 21.01 The contract shall be considered as discharged when each and every one of the following conditions have been met:
- A All construction has been completed and has been accepted by the City.
  - B Payment in full has been made.
  - C The guarantee period has expired and no exceptions, given to the Contractor in writing prior to the expiration of the guarantee period, remain uncorrected.
  - D The provisions of Article 8, Paragraph 8.03 are met either by judgment or settlement or by an applicable statute of limitations.

## ARTICLE 22 EXISTING FACILITIES

- 22.01 Wherever the contract documents require connection to, interception of, revision of, or alterations of any existing facility it shall be the duty of the Contractor to uncover such points of connection, interception, revision or alteration before commencing construction related thereto or dependent thereon and to verify the size, location, dimension, elevation and gradient of such existing facility. The Contractor shall notify the Engineer of such findings and, if a discrepancy is found between actual and anticipated conditions, shall not commence related construction until instructions are received from the Engineer and the contract price adjustment, if any, has been agreed to in writing.
- 22.02 Should the Contractor fail to comply with the above provision, and all or any part of the project be impaired by reason of a discrepancy between actual and anticipated conditions, the Contractor shall bear the entire expense of correction and shall receive no compensation thereof.

## ARTICLE 23 OPEN COMPETITION

23.01 Where in the plans and specifications certain materials, trade names, catalog numbers or articles of certain manufacture are mentioned it is done for the purpose of establishing standards of quality, performance, durability and efficiency and is not to be construed as limiting competition. Other name materials may be used if in the opinion of the Engineer they are equal in quality, performance, durability and efficiency to those mentioned, and are of a design in harmony with the work as outlined, and the Engineer gives written approval of a substitution before such articles are ordered by the Contractor.

## ARTICLE 24 GUARANTEE

24.01 The Contractor shall guarantee against defects in materials and workmanship for a period of one (1) year commencing with the date of final acceptance of the finished project by the West Lafayette Board of Works and Public Safety. The Contractor shall satisfactorily repair or replace any and all defective materials, whether because of the material or the workmanship of installing it, and shall satisfactorily repair or replace any and all defective or malfunctioning parts and mechanisms, all without cost to the City, during the guarantee period. Contractor shall bear all costs of satisfactorily repairing damage to the project, its component parts, and to property, where such damage is a direct result of defective materials or workmanship or of any defective or malfunctioning part of mechanism installed by the Contractor.

24.02 This guarantee shall be secured by a one (1) year extension of the Contractor's performance bond. The guarantee is a part of the contract and is not to be in a separate writing.

## ARTICLE 25 NON-DISCRIMINATION

25.01 The Contractor shall, in hiring, comply with the Federal and State statutes and regulations pertaining to nondiscrimination in hiring, and in hiring shall not discriminate on account of race, creed or color.

END OF SECTION

00700-14

SECTION 00800

**SUPPLEMENTARY CONDITIONS**

**2016 CDBG Curb and Sidewalk Replacement Project**

1. Material testing will include compaction testing on all backfill to verify that a 95% compaction rate of the material has been achieved. There is no direct payment for this item the cost for this item shall be included in the cost for other related items. The contractor is responsible for contacting the testing contractor and coordinating the testing schedules.
2. All work will carry a three (3) year warranty against damage. If damage should occur within this window, the Engineer will determine whether it is considered normal wear. If the damage is not classified as normal wear, the contractor will be responsible to replace it, at no cost to the city, within a specified time period decided on by Engineer.
3. Exact set up of each universal access ramp shall be determined in the field by the Contractor and Engineer.
4. Contractor shall repair all over cuts or damage to the streets in accordance with city specs.
5. The Contractor shall be responsible for contacting the directly affected residents prior to the commencement of work in that area no later than 3 days before the work begins. Any sidewalk that has been removed, must be replaced within 10 calendar days. Any violation to the above mentioned restrictions will be subject to LD's in the amount of \$100 per day.
6. The side walk replacement work shall include saw-cutting and removal of existing concrete, leveling the grade to match side walk at both ends, and construction of new concrete sidewalks per The City of West Lafayette Specifications. The contract requires the removal of tree roots in areas where tree roots are the cause of the problem. All incidental work including, but not limited to, MOT, proper tree pruning to prevent damage, and grade repair shall be included in the cost of the concrete sidewalk (tear out and replace).
7. The Contractor shall be responsible for the determination and notification of all affected utilities and for the coordination of all work with the utilities. Any required permits will be provided by the Owner. The Contractor shall be responsible for the coordination of all work with West Lafayette Engineering Department.

POWER EQUIPMENT OPERATOR CLASSIFICATIONS

GROUP 1: Mechanic; Asphalt plant; Autograde; Batch plant; Benoto (requires 2 engineers); Boiler and throttle valve; Boring machine (mining machine); Caisson rigs; Central Redi-mix plant; Combination backhoe-endloader with backhoe bucket over 1/2 cu. yd.; Combination tigger hoist and air compressor; Compressor and throttle; Concrete breaker (truck-mounted); Concrete conveyor; Concrete paver over 27E cu. ft.; Concrete paver 27E cu. ft. and under; Concrete pump with boom (truck-mounted); Concrete tower; Cranes and backhoes, all attachments; Cranes, Hammerhead tower; Creter

cranes; Derricks, all; Derricks, traveling; Forklift, lull type; Forklift, 10 ton and over; Hoists, 1, 2 and 3 drum; Hoist, 2 tigger - one floor; Hydraulic boom truck; Locomotives, all; Motor patrol; Mucking machine; Pile driving and skid rig; Pit machines; Pre-stress machines; Pumpcrete and similar types; Rock drill, self-propelled; Rock drill, truck-mounted; Slip form paver; Straddle buggies; Tractor with boom and side boom; Trenching machine; Winch tractors

GROUP 2: Asphalt spreader; Boilers; Bulldozers; Combination backhoe-endloader with backhoe bucket 1/2 cu. yd. and under; Engineer acting as conductor in charge of crew; Grader, elevating; Greaser engineer; Grouting machines; Highlift shovels or front endloader; Hoists, automatic; Corboy drilling machines; Hoists, all elevators; Hoists, tigger, single drums; Post hole digger; Roller, all; Scoops, tractor-drawn; Stone crushers; Tournapull; Winch trucks

GROUP 3: Concrete mixer (2 bag and over); Conveyor, portable; Steam generators; Tractor, farm and similar type; Air compressor, small, 150 and under, 1 to 5 not to exceed a total of 300 ft.; Air compressor, large, over 150; Combination, small equipment operator; Forklift, under 10 ton; Generator; Pump, 1 to 3 not to exceed a total of 325 ft.; Pumps; Well points; Welding machines (2 through 5); Winches, 4 electric drill winches

GROUP 4: Heater, mechanical (1 to 5); Oilers; Switchmen

GROUP B.....	\$ 30.00	14.40
GROUP C.....	\$ 27.87	14.40

POWER EQUIPMENT OPERATOR CLASSIFICATIONS

GROUP A: Air compressor in manifold with throttle valve; Asphalt plant engineer; Auto grade or similar type machine; Bituminous mixer; Bituminous paver; Bituminous plant engineer; Bulldozer; Caisson drilling machine; Cherry picker, all; Ballast regulator (RR); Chip spreader, self-propelled; Cold grinder or similar type equipment; Concrete mixer, 21 cu. ft. or over; Concrete pump, truck-mounted; Core drilling machine; Crane or derrick with

any attachment (including clamshell, dragline, shovel, backhoe, etc.); Dredge operator; Drilling machine on which the drill is an integral part; Earth mover, rubber-tired, tandem 0.50 per hour additional; Elevating grader; Endloader, Hi- lift shovel; P.C.C. formless paver; Gradall; Gravel processing plant, portable; Guardrail post driver operator; Head greaser; Hi-lift shovel, endloader; Hoist (2 drums and over); Helicopter crew; Hydraulic boom truck, Keystone, Skimmer Scoop; Loader, self-propelled (belt, chain wheel); Locomotive operator; Mechanic; Mucking machine; Multi-bank drill operator; Panel board concrete plant, central mix type; Paver, Hetherington; Pile driver, skid or crawler; Road paving mixer; Rock breaking plant; Rock crushing plant, portable; Roller (asphalt, waterbound, macadam, bituminous macadam, brick surface); Roller, with dozer blade; Root rake, tractor-mounted; Stump remover, tractor-mounted; Surface heater and planer; Tandem push tractor, \$0.50 per hour additional; Tractor, boom winch or hoe head; Tractor, push; Tractor with scoop; Tractor-mounted spreader; Tree mover; Trench machine, over 24"; Tug boat operator; Welder; Well drilling machine; Self-propelled widener.

GROUP B: Air compressor with throttle valve or clever brooks-type combination; Backfiller, base paver, Jersey or similar type machine; Bull float; Concrete finishing machine; Concrete mesh depressor, independently operated; Concrete spreader, power-driven; Dredge engineer; Excavator loader, portable; Fire tender on boiler; Forklift, regardless of ton; Hoists, 1 drum; Mesh or steel placer; Minor equipment operator, 5 pieces; Multiple tamping machine (RR); P.C.C. concrete placer; Paving breaker; Power broom, self-propelled; Pull grader, power-controlled; Refrigerating machine, freezing operation; Roller, earth and sub-base material; Ross carrier (Straddle buggy); Sheepfoot roller, self-propelled without blade; Tamper, multiple\vibrating (asphalt, waterbound macadam, bituminous macadam, brick surface); Tamper, multiple vibrating (earth and sub-base material); Trench machine, 24" and under; Tube float; Well point system; Widener, Apsco or similar type; Winch truck with A-frame.

GROUP C: Air compressor, oiler; Automatic dry batch plant; Bituminous distributor; Bituminous patching tamper; Belt spreader; Broom and belt machine; Brush burner; Chair cart, self-propelled; Coleman-type screen; Cold grinder oiler; Concrete mixer, less than 21 cu. ft.; Conveyor, portable; Curb machine; Deckhand; Digger (post hole, power-driven); Farm tractor, including farm tractor with all attachments (except backhoe, Hi-lift endloaders); Form grader; Form tamper, motor-driven; Generator; Gunite machine; Hetherington driver; Hydra seeder; Mechanical heater; Minor equipment operator, 1 through 4 pieces; Curing spraying machine; Power saw, concrete (power-driven); Pug mill pull broom, power type; Seaman tiller; Slurry seal machine; Spike machine; Straw blower or brush mulcher; Stripping machine (paint, motor-driven); Sub grader; Throttle valve; Tractaire with drill; Truck crane and multi-drill oiler, driver; Spreader; Water pump.

#### TRUCK DRIVER CLASSIFICATIONS

GROUP 1: Single/batches axle straight trucks; Batch trucks, wet or dry 3 (34E) axle or less; Single axle Grease and maintenance truck

GROUP 2: Single axle fuel and water trucks

GROUP 3: Single axle "dog-legs", and tandem truck or dog-legs; Winch trucks or A-frames when used for transportation purposes; Drivers on batch trucks, wet or dry over 3 (34E) batches and tandem axle grease and maintenance truck

GROUP 4: Tandem axle fuel trucks; tandem axle water trucks; butuminous distributors (two-man)

GROUP 5: Tandem trucks over 15 tons payload; Single axle semi trucks; Farm tractors hauling material; Mixer trucks (all types); Trucks pulling tilt-top trailer single axle; Single axle low- boys; Truck-mounted pavement breakers

GROUP 6: Tandem trucks or "dog-legs"; Semi-water Truck; Sprinkler Truck; Heavy equipment-type water wagons, 5,000 gallons and under; butuminous distributors (one-man)

GROUP 7: Tri-axle trucks; Tandem axle semi trucks; Equipment when not self-loaded or pusher loaded, such as Koehring or similar dumpsters, track trucks, Euclid bottom dump and hug bottom dump, tournatrailers, tournarockers, Acey wagons or for similar equipment (12 cu yds or less); Mobile mixer truck; Tandem Axle trucks pulling tilt-top trailer; Tandem - Axle lowboy; Tri- Axle batch Truck; Tri-Axle grease and maintenance truck

GROUP 8: Tandem-tandem semi trucks; Truck mechanics and welders; Heavy equipment-type water wagon over 5,000 gallons; Tri-Axle Trucks pulling tilt-top trailer; Low-boys, tandem-tandem axle

GROUP 9: Low-boys, tandem tri-axle; Acey wagons up to and including 3 buckets; Equipment when not self-loaded or pusher loaded, such as koehring or similar dumpsters, Track Trucks, Euclid bottom dump and hug bottom dump, Tournatrailers, Tournarockers, Acey wagons or for similar equipment (over 12 cu yds.)

GROUP 10: Pick-up trucks

GROUP 11: Helpers; Greasers; Tire men; Batch board tenders;

Warehouseman

GROUP 12: Acey wagon (over 3 buckets); Quad Axle Trucks;  
Articulating Dump

-----

WELDERS - Receive rate prescribed for craft performing  
operation to which welding is incidental.

=====

Unlisted classifications needed for work not included within  
the scope of the classifications listed may be added after  
award only as provided in the labor standards contract clauses  
(29CFR 5.5 (a) (1) (ii)).

-----

The body of each wage determination lists the classification  
and wage rates that have been found to be prevailing for the  
cited type(s) of construction in the area covered by the wage  
determination. The classifications are listed in alphabetical  
order of "identifiers" that indicate whether the particular  
rate is a union rate (current union negotiated rate for local),  
a survey rate (weighted average rate) or a union average rate  
(weighted union average rate).

#### Union Rate Identifiers

A four letter classification abbreviation identifier enclosed  
in dotted lines beginning with characters other than "SU" or  
"UAVG" denotes that the union classification and rate were  
prevailing for that classification in the survey. Example:  
PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of  
the union which prevailed in the survey for this  
classification, which in this example would be Plumbers. 0198  
indicates the local union number or district council number  
where applicable, i.e., Plumbers Local 0198. The next number,  
005 in the example, is an internal number used in processing  
the wage determination. 07/01/2014 is the effective date of the  
most current negotiated rate, which in this example is July 1,  
2014.

Union prevailing wage rates are updated to reflect all rate  
changes in the collective bargaining agreement (CBA) governing  
this classification and rate.

#### Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that  
no one rate prevailed for this classification in the survey and  
the published rate is derived by computing a weighted average  
rate based on all the rates reported in the survey for that  
classification. As this weighted average rate includes all  
rates reported in the survey, it may include both union and  
non-union rates. Example: SULA2012-007 5/13/2014. SU indicates

the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

#### Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

---

#### WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

=====

EXHIBIT C

**FEDERAL FORMS AND REQUIREMENTS**

**2016 CDBG Curb and Sidewalk Replacement Project**

## Applicability

The Project or Program to which the construction work covered by this contract pertains is being assisted by the United States of America and the following Federal Labor Standards Provisions are included in this Contract pursuant to the provisions applicable to such Federal assistance.

**A. 1. (i) Minimum Wages.** All laborers and mechanics employed or working upon the site of the work, will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under Section I(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of 29 CFR 5.5(a)(1)(iv); also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs, which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period.

Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under 29 CFR 5.5(a)(1)(ii) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible, place where it can be easily seen by the workers.

(ii) (a) Any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. HUD shall approve an additional classification and wage rate and fringe benefits therefor only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(b) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and HUD or its designee agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by HUD or its designee to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, D.C. 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (Approved by the Office of Management and Budget under OMB control number 1215-0140.)

(c) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and HUD or its designee do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), HUD or its designee shall refer the questions, including the views of all interested parties and the recommendation of HUD or its designee, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

(d) The wage rate (including fringe benefits where appropriate) determined pursuant to subparagraphs (1)(ii)(b) or (c) of this paragraph, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part

of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

**2. Withholding.** HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other Federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee or helper, employed or working on the site of the work, all or part of the wages required by the contract, HUD or its designee may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased. HUD or its designee may, after written notice to the contractor, disburse such amounts withheld for and on account of the contractor or subcontractor to the respective employees to whom they are due. The Comptroller General shall make such disbursements in the case of direct Davis-Bacon Act contracts.

**3. (i) Payrolls and basic records.** Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in Section 1(b)(2)(B) of the Davis-bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5 (a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in Section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been

communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs. (Approved by the Office of Management and Budget under OMB Control Numbers 1215-0140 and 1215-0017.)

(ii) (a) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to HUD or its designee if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant sponsor, or owner, as the case may be, for transmission to HUD or its designee. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i) except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/esa/whd/forms/wh347instr.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to HUD or its designee if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant sponsor, or owner, as the case may be, for transmission to HUD or its designee, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this subparagraph for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to HUD or its designee. (Approved by the Office of Management and Budget under OMB Control Number 1215-0149.)

(b) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under 29 CFR 5.5 (a)(3)(ii), the appropriate information is being maintained under 29 CFR 5.5(a)(3)(i), and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR Part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(c) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by subparagraph A.3.(ii)(b).

(d) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 231 of Title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under subparagraph A.3.(i) available for inspection, copying, or transcription by authorized representatives of HUD or its designee or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, HUD or its designee may, after written notice to the contractor, sponsor, applicant or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

#### 4. Apprentices and Trainees.

(i) **Apprentices.** Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who

is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) **Trainees.** Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by

the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) **Equal employment opportunity.** The utilization of apprentices, trainees and journeymen under 29 CFR Part 5 shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

**5. Compliance with Copeland Act requirements.** The contractor shall comply with the requirements of 29 CFR Part 3 which are incorporated by reference in this contract

**6. Subcontracts.** The contractor or subcontractor will insert in any subcontracts the clauses contained in subparagraphs 1 through 11 in this paragraph A and such other clauses as HUD or its designee may by appropriate instructions require, and a copy of the applicable prevailing wage decision, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in this paragraph.

**7. Contract termination; debarment.** A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

**8. Compliance with Davis-Bacon and Related Act Requirements.** All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract

**9. Disputes concerning labor standards.** Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and HUD or its designee, the U.S. Department of Labor, or the employees or their representatives.

**10. (i) Certification of Eligibility.** By entering into this contract the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of Section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1) or to be

awarded HUD contracts or participate in HUD programs pursuant to 24 CFR Part 24.

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of Section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1) or to be awarded HUD contracts or participate in HUD programs pursuant to 24 CFR Part 24.

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001. Additionally, U.S. Criminal Code, Section 1 01 0, Title 18, U.S.C., "Federal Housing Administration transactions", provides in part: "Whoever, for the purpose of . . . influencing in any way the action of such Administration..... makes, utters or publishes any statement knowing the same to be false..... shall be fined not more than \$5,000 or imprisoned not more than two years, or both."

**11. Complaints, Proceedings, or Testimony by Employees.** No laborer or mechanic to whom the wage, salary, or other labor standards provisions of this Contract are applicable shall be discharged or in any other manner discriminated against by the Contractor or any subcontractor because such employee has filed any complaint or instituted or caused to be instituted any proceeding or has testified or is about to testify in any proceeding under or relating to the labor standards applicable under this Contract to his employer.

**B. Contract Work Hours and Safety Standards Act.** The provisions of this paragraph B are applicable where the amount of the prime contract exceeds \$100,000. As used in this paragraph, the terms "laborers" and "mechanics" include watchmen and guards.

**(1) Overtime requirements.** No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which the individual is employed on such work to work in excess of 40 hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of 40 hours in such workweek.

**(2) Violation; liability for unpaid wages; liquidated damages.** In the event of any violation of the clause set forth in subparagraph (1) of this paragraph, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in subparagraph (1) of this paragraph, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of 40 hours without payment of the overtime wages required by the clause set forth in subparagraph (1) of this paragraph.

---

**(3) Withholding for unpaid wages and liquidated damages.** HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contract, or any other Federally-assisted contract subject to the Contract Work Hours and Safety Standards Act which is held by the same prime contractor such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in subparagraph (2) of this paragraph.

**(4) Subcontracts.** The contractor or subcontractor shall insert in any subcontracts the clauses set forth in subparagraph (1) through (4) of this paragraph and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in subparagraphs (1) through (4) of this paragraph.

**C. Health and Safety.** The provisions of this paragraph C are applicable where the amount of the prime contract exceeds \$100,000.

**(1)** No laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous to his health and safety as determined under construction safety and health standards promulgated by the Secretary of Labor by regulation.

**(2)** The Contractor shall comply with all regulations issued by the Secretary of Labor pursuant to Title 29 Part 1926 and failure to comply may result in imposition of sanctions pursuant to the Contract Work Hours and Safety Standards Act, (Public Law 91-54, 83 Stat 96). 40 USC 3701 et seq.

**(3)** The contractor shall include the provisions of this paragraph in every subcontract so that such provisions will be binding on each subcontractor. The contractor shall take such action with respect to any subcontractor as the Secretary of Housing and Urban Development or the Secretary of Labor shall direct as a means of enforcing such provisions.

# **EQUAL OPPORTUNITY EMPLOYMENT**

## **1 When Required:**

Executive Order 11246, as amended prohibits federal contractors and federally-assisted construction contractors and subcontractors, who do over \$10,000 in Government business in one year from discriminating in employment decisions on the basis of race, color, religion, sex, or national origin.

## **2 Requirements:**

During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.
- (2) The contractor will, in all solicitations or advancements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex or national origin.
- (3) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under Section 202 of Executive Order No. 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- (4) The contractor will comply with all provisions of Executive Order No. 11246 of Sept. 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- (5) The contractor will furnish all information and reports required by Executive Order No. 11246 of September 24, 1965, and by the rules, regulations, and orders of the

2016 CDBG Curb and Sidewalk Replacement Project

Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(6) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be cancelled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order No. 11246 of Sept. 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order No. 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(7) The contractor will include the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order No. 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions including sanctions for noncompliance: Provided, however, that in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction, the contractor may request the United States to enter into such litigation to protect the interests of the United States."

[Sec. 202 amended by EO 11375 of Oct. 13, 1967, 32 FR 14303, 3 CFR, 1966-1970 Comp., p. 684, EO 12086 of Oct. 5, 1978, 43 FR 46501, 3 CFR, 1978 Comp., p. 230]

(a) Each contractor having a contract containing the provisions prescribed in above section shall file, and shall cause each of his subcontractors to file, Compliance Reports with the contracting agency or the Secretary of Labor as may be directed. Compliance Reports shall be filed within such times and shall contain such information as to the practices, policies, programs, and employment policies, programs, and employment statistics of the contractor and each subcontractor, and shall be in such form, as the Secretary of Labor may prescribe.

(b) Bidders or prospective contractors or subcontractors may be required to state whether they have participated in any previous contract subject to the provisions of this Order, or any preceding similar Executive order, and in that event to submit, on behalf of themselves and their proposed subcontractors, Compliance Reports prior to or as an initial part of their bid or negotiation of a contract.

2016 CDBG Curb and Sidewalk Replacement Project

(c) Whenever the contractor or subcontractor has a collective bargaining agreement or other contract or understanding with a labor union or an agency referring workers or providing or supervising apprenticeship or training for such workers, the Compliance Report shall include such information as to such labor union's or agency's practices and policies affecting compliance as the Secretary of Labor may prescribe: Provided, That to the extent such information is within the exclusive possession of a labor union or an agency referring workers or providing or supervising apprenticeship or training and such labor union or agency shall refuse to furnish such information to the contractor, the contractor shall so certify to the Secretary of Labor as part of its Compliance Report and shall set forth what efforts he has made to obtain such information.

(d) The Secretary of Labor may direct that any bidder or prospective contractor or subcontractor shall submit, as part of his Compliance Report, a statement in writing, signed by an authorized officer or agent on behalf of any labor union or any agency referring workers or providing or supervising apprenticeship or other training, with which the bidder or prospective contractor deals, with supporting information, to the effect that the signer's practices and policies do not discriminate on the grounds of race, color, religion, sex or national origin, and that the signer either will affirmatively cooperate in the implementation of the policy and provisions of this Order or that it consents and agrees that recruitment, employment, and the terms and conditions of employment under the proposed contract shall be in accordance with the purposes and provisions of the order. In the event that the union, or the agency shall refuse to execute such a statement, the Compliance Report shall so certify and set forth what efforts have been made to secure such a statement and such additional factual material as the Secretary of Labor may require.

[Sec. 203 amended by EO 11375 of Oct. 13, 1967, 32 FR 14303, 3 CFR, 1966-1970 Comp., p. 684; EO 12086 of Oct. 5, 1978, 43 FR 46501, 3 CFR, 1978 Comp., p. 230]

## **AFFIRMATIVE ACTION**

### **1 When required:**

Executive Order 11246 requires that in addition to prohibiting federal contractors and federally-assisted construction contractors and subcontractors from discriminating in employment decisions, it requires contractors to take affirmative action to insure that equal opportunity is provided in all aspects of their employment. The following requirements shall apply for all contractors performing work on public works contracts for the City of West Lafayette, Indiana in the amount of \$10,000 or more.

### **2 Requirements:**

(A) The Contractor for the work specified in this Contract agrees to take affirmative action to insure that applicants and employees of the Contractor (and any subcontractors) are treated in a manner which provides equal employment opportunity and tends to eliminate inequality based upon race, color, creed, religion, ancestry, national origin, sex, disability, age, marital status or status with regard to public assistance. Affirmative action shall include but not be limited to the issuance of a policy statement regarding equal employment and its communication to all personnel involved in recruitment, hiring, training, assignment, and promotion; notification of all employment sources of company policy and active efforts to review the qualifications of all applications regardless of race, color, creed, religion, ancestry, national origin, sex, disability, age, marital status or status with regard to public assistance; recruiting in the minority/female group community for employees;

and establishing an internal system of reporting concerning equal employment, recruiting, hiring, training, upgrading and the like. Breach of the obligation to take affirmative action shall be a material breach of the contract for which the City shall be entitled to at its option:

- (1) To cancel, terminate, or suspend the contract in whole or in part; and/or
- (2) To declare the Contractor or Vendor ineligible for further City contracts.

(B) Each Contractor with 50 or more employees and \$50,000 or more in government contracts is required to have or develop a written affirmative action program (AAP) for each of its establishments (Guidelines for an Affirmative Action Plan follows in Section 14).

A written affirmative action plan:

- (1) helps the contractor identify and analyze potential problems in the participation and utilization of women and minorities in the contractor's workforce.
- (2) If there are problems, the contractor's plan will specify the procedures it will follow and the good faith efforts it will make to provide equal employment opportunity.

# **GUIDELINES FOR AFFIRMATIVE ACTION PLAN**

## **KEY ELEMENTS OF AN AFFIRMATIVE ACTION PLAN**

1. **Policy Statement** including specific purposes, such as:  
“To insure equal opportunity to all personnel regardless of race, color, religion, sex, handicap, national origin, ancestry, and age. To increase the utilization of women, minorities, and other protected classes<sup>1</sup>. To implement the report and evaluate the progress. To develop a plan for staff upgrading. To respond to collective bargaining when grievances are filed alleging discrimination charges. To give notification of the policy to the community. To post policy inside the company in a conspicuous place; the policy signed by the Chief Executive Officer.
2. **A Top Person** with authority and responsibility to direct and implement your program.
3. **Work Force Utilization Analysis**<sup>\*</sup> is a statistical analysis that might show a pattern of discrimination, that is an area of concentration underutilization.
4. **Establishing Goals, Objectives, Timetables**<sup>\*</sup> (related to internal analysis and external workforce analysis). Look at anticipated vacancies and target them for affirmative action. How many vacancies can I expect? How much is contracted to vendors? Can a minority, woman, handicapped<sup>\*\*</sup>, or older person<sup>\*\*</sup> be promoted to fill the job?
5. **Outline for Examining Procedures and Modifying them if Practices are Discriminatory**  
Are we recruiting at the right places?  
Is the location isolated?  
Is housing the problem?  
What are we doing wrong to not attract minorities, women, and handicapped?  
Are our selection procedures (tests, interviews, educational and experience requirements) validated?
6. **Evaluation** – Check results. Are we doing what we said we would do? If not, why?

\*HOW TO DO INTERNAL AND EXTERNAL ANALYSIS TO ESTABLISH GOALS,

---

<sup>1</sup> “other protected classes” – in this text are defined as handicapped and/or persons over forty (40) years of age.

## OBJECTIVES, TIMETABLES

The utilization analysis is a statistical survey comparing the company workforce by race/sex/national origin with the labor market workforce by race/sex/national origin. The comparisons are made for the nine (9) specific job categories established by the federal Equal Employment Opportunity Commission (EEOC).

Officials and Managers, Professionals, Technicians, Sales Workers, Office and Clerical, Craftsmen (skilled), Operative (semi-skilled), Laborers (unskilled), and Service Workers

The most comprehensive source of data with sufficient occupational detail for an accurate figuring of outside labor for availability is census bureau occupational data. The Census Bureau Characteristics of the Population Report is the most detailed listing of occupational data for the state and geographical employment regions referred to as Standard Metropolitan Statistical Analysis (SMSA) during the 1960 and 1970 census and as Metropolitan Statistical Areas (MSA) during the 1980 census.

In order to establish an accurate labor force availability figure for the jobs within the organization, a weighted average of the job availabilities must be determined for each of the above eight (8) categories. The outside workforce availability in the specific occupation must be weighted proportionally to the number of jobs of that occupation inside the company.

To illustrate this process assume that the professional workforce category of an Indiana company consists of these jobs:

- 10 accountants
- 2 social scientists
- 1 computer specialist

From the census bureau table the occupational availability percentages are shown on the table on the following page.

\*\*Affirmative Action goals and timetables are not required by law for handicapped persons or persons over forty (40) years of age. However, reasonable accommodations for the handicapped are required according to the Rehabilitation Act Guidelines.

### **Weighted Comparison of Internal and External Workforce**

We multiply the number in each category in the company by the above percentages. Thus the Accountant outside workforce percentages will be multiplied by 10; outside

Social Scientist by two and Computer Programmer outside percentages by one.

Now we add the weighted percentage of the outside workforce and divide by the total number inside the company in the professional category (13) to find out what a fair labor representation within the company would be: 961% divided by 13 = 74% for men; 339% divided by 13 = 26% for women, etc.

### **Utilization Rate**

Our next step is to check the company utilization rate at the present time. The utilization rate is the ratio of the company representation of minorities and women and the outside labor force representation expressed as a percentage. For example, if three of the thirteen employees were female, the utilization rate for females would be figured ( $3/13 = 23\%$ ). Twenty-three percent over twenty – six percent (Labor Market weighted proportional representation)  $\times 100$  (to change the decimal to a percentage) = 88% is the present utilization rate for females in the professional category in the company. A utilization rate greater than 100% is overutilization; a rate less than 100% is underutilization.

### **Planning**

If your company is lacking minorities or women in any of the job categories, you need to design your affirmative action plan to correct this.

In planning, first look to see if there are those minorities and women inside the company with qualifications or who, with a little training, could be promoted. If there is no one inside to promote, hire from the outside; but do not rely on too narrow a definition of the outside market. Day laborers, production workers, and clerical staff most likely would be recruited from the immediate or extended local area. For occupations which require a college education, such as an engineer, the recruiting area might be the whole state, several states or even nationwide.

For small companies (100 employees or less) a rough goal figure can be determined by figuring the percentage represented by one employee ( $1/13$ , in our example, equal 7%). Thus, if the number of professional females on the staff is increased by one, the underutilization will be corrected. The correction in this instance will put the company slightly over the 100% (parity) for women in the professional category.

Depending on factors such as promotable or trainable females already on staff, the availability of qualified or trainable females in the relevant labor force and the availability of training institutions, number of expected new positions and turnover, the company should determine how many years it will take to correct the deficiency.

2016 CDBG Curb and Sidewalk Replacement Project

An underutilization of six persons may take three years to correct at the rate of two per year. The company should select the shortest, reasonable time period in which to accomplish its goals; the year when full utilization will occur must also be stated.

If companies with over 100 employees wish some additional help in planning their goals and timetables, they might want to contact the State Affirmative Action Office for assistance.

### **Affirmative Action and Equal Employment Handout**

1. Advertise for all positions in the newspaper for at least one week. Make sure you end the ad with EEO Clause (Equal Opportunity Employer M/F).
2. Send all job openings to the State Employment Service Office:  
Employment Service  
2301 Concord Road  
Lafayette, IN 47905  
(765) 474-5411
3. An effort should be made to get job opening information out to minorities by sending job descriptions to the following places:

Black Cultural Center  
1100 Third Street  
West Lafayette, IN 47906  
(765) 494-3092

Hanna Community Center  
1201 North 18<sup>th</sup> Street  
Lafayette, IN 47904  
(765) 742-0191

Other good informal referral sources include individual minority and female lawyers, ministers, doctors, barbers, beauticians, recreation and community improvement groups.

4. Keep a record of who applies for your job openings by filling out an Applicant Flow Record on each applicant. Keep these forms in a file separate from your personnel file. Label "For Affirmative Action Program Use Only".\*

2016 CDBG Curb and Sidewalk Replacement Project

5. Items to watch out for on your applications:

- Education
- Arrest and Conviction Record
- Credit Rating
- Sex, Marital and Family Status
- Age
- Availability for Saturday/Sunday work
- Friend or relative working for the company

Information for this handout came from “A Guidebook for Employers”, Volume 1 and 2, U.S. Equal Employment Opportunity Commission, Washington, D.C. 20506.

\*A number of state laws explicitly prohibit such inquiries; however, none of these laws or Title VII prevents the employer from recording such information, under proper safeguards, for Affirmative Action purposes.

## **SECTION 15 – CERTIFICATIONS**

## CERTIFICATIONS

The undersigned hereby certifies that they will comply with the following laws and regulations:

1. Civil Rights Act of 1964. Under Title VI of Civil Rights Act of 1964, no person shall, on the grounds of race, color or national origin, be excluded from participation in, be denied benefits of, or be subject to discrimination under any program or activity receiving Federal financial assistance.
2. Section 109 of the Housing and Community Development Act 1974. No person in the United States shall on the ground of race, color, national origin, or sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity funded in whole or in part with funds made available under this Title.
3. The prohibitions against discrimination on the basis of age under the Age Discrimination Act of 1975 and the prohibitions against discrimination against handicapped individuals under Section 504 of the Rehabilitation Act of 1973.
4. The requirements of Executive Order 11246, Equal Employment Opportunity.

The undersigned further certifies that the following statements are true to the best of his/her knowledge and belief:

1. Interest of Members of a City. No member of the governing body of the city and no other officer, employee, or agent of the City who exercises any functions or responsibilities in connection with the planning or carrying out of the program, shall have any personal financial interest, direct or indirect, in this Contract; and the contractor shall take appropriate steps to ensure compliance.
2. Interest of Other Local Public Officials. No member of the governing body of the locality and no other public official of such locality, who exercises any functions or responsibilities in connection with the planning and carrying out of the program, shall have any personal financial interest, direct or indirect, in this Contract; and the contractor shall take appropriate steps to ensure compliance.
3. Interest of Contractor and Employees. The contractor covenants that he presently has no interest and shall not acquire interest, direct or indirect, in the area or any parcels therein or any other interest which would conflict in any manner or degree with the performance of his services hereunder. The contractor further covenants that in the performance of this contract, no person having any such interest shall be employed.
4. Lobbying. The undersigned certified, to the best of his/her knowledge and belief, that:

- (a) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan or cooperative agreement.
- (b) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, and Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LL, "Disclosure Form to Report Lobbying", in accordance with its instructions.
- (c) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

As an officer and representative of \_\_\_\_\_, I, the undersigned, have read and fully agree to the preceding, and will become a party to the full implementation of these programs.

Address (including Zip Code)

---

EEO Officer

---

Phone Number (including Area Code)

I. DETERMINATION OF PROJECT AREA BOUNDARIES

A. Address of Proposed Project: **West Lafayette, Tippecanoe County**

B. Below, indicate whether this project is located in an Urban Renewal Area, Neighborhood Development Program Area, Model Cities Area, Metropolitan Development Plan Area or Indian Reservation. If yes to any of the above, please specify: **N/A**

If yes, the project area for purposes of the Section 3 Affirmative Action Plan is coextensive with boundaries of the Urban Renewal, NDP, Model Cities, Metropolitan Plan or Indian Reservation boundaries. (Exception 701 Projects; see Toote/Meeker memo notice dated 7-1-74).

If no, specify the smallest political jurisdiction within which the project is located (i.e. township, city, village, county, etc.):

**West Lafayette**

The project area for purposes of this Section 3 Affirmative Action Plan is coextensive with the political jurisdiction specified above.

C. Based on the information given in columns one, two, and three in Table B, and the availability of eligible business concerns within the project area doing business in professions or occupations identified, set forth your goals for the number of contracts to be awarded to eligible project area businesses in column four, and for the approximate dollar amount to be awarded to project areas businesses in column five. Eligible project area businesses will be utilized to the greatest extent feasible.

## CERTIFICATION OF COMPLIANCE

The Contractor agrees to implement the following specific affirmative action steps for Section 3 directed at increasing the utilization for lower income residents and businesses within the City of West Lafayette:

- A. To ascertain from the HUD Area Office Director the exact boundaries of the Section 3 covered project area and where advantageous, seek the assistance of local officials of the Department in preparing and implementing the affirmative action plan.
- B. To attempt to recruit from within the City, the necessary number of lower income residents through:
  - 1. Local advertising media
  - 2. Signs placed at the proposed site for the project
  - 3. Community organizations and public or private institutions operating within or serving the project area such as Service Employment and Redevelopment (SER), Opportunities Industrialization Center (OIC), Urban League, Concentrated Employment Program, Hometown Plan, or the U.S. Employment Service.
- C. To maintain a list of all lower income area residents who have applied either on their own or on referral from any source, and to employ such persons, if otherwise eligible and if a vacancy exists.
- D. To insert this Section 3 plan in all bid documents, and to require all bidders to submit a Section 3 affirmative action plan including utilization goals and the specific steps planned to accomplish those goals.
- E. To insure that contracts which are typically let on a negotiated rather than a bid basis in areas other than Section 3 covered project areas, are also let on a negotiated basis, whenever feasible, when let in a Section 3 covered project area.
- F. To formally contact unions, subcontractors and trade associations to secure their cooperation for this program.
- G. To insure that all appropriate project business concerns are notified of pending contractual opportunities.
- H. To maintain records, including copies of correspondence, memoranda, etc. which document that all of the above affirmative action steps have been taken.
- I. To appoint or recruit an executive official of the company or agency as Equal Opportunity Officer to coordinate the implementation of the Section 3 plan.
- J. To list on Table A all projected work force needs for all phases of this project by occupation, trade, skill level, and number of positions.

As an officer and representative of \_\_\_\_\_, I, the undersigned, have read and fully agree to the preceding, and will become a party to the full implementation of this program.

## **TECHNICAL SPECIFICATIONS**

*Specifications will follow the latest edition of Indiana Department of Transportation Standard Specifications with Supplements, unless otherwise noted.*

### **SECTION 100 – GENERAL PROVISIONS**

#### **SECTION 101 – DEFINITIONS AND TERMS**

101.10 CONSTRUCTION LIMITS: Prior to beginning work at each location in the program, the Contractor shall verify the exact limits of construction with the Engineer.

In general, the overlay limits shall be between the front of each gutter or face of each curb, as directed. At intersecting streets and each end of the street being resurfaced, a lapped butt joint will be constructed. The limits of the joint area have been depicted on the details in Exhibit B; however, exact limits shall be determined and approved in the field.

#### **SECTION 103 – AWARD AND EXECUTION OF CONTRACT**

103.04 INSURANCE: Refer to Article 8 of the General Conditions for insurance requirements.

103.06 WAGE AND LABOR REQUIREMENTS: The following requirements shall apply for all contractors performing work on public works contracts for the City of West Lafayette, Indiana.

(a) NON-DISCRIMINATION OF EMPLOYEES: The Contractor for the work specified in this Contract agrees to take affirmative action to insure that applicants and employees of the Contractor (and any subcontractors) are treated in a manner which provides equal employment opportunity and tends to eliminate inequality based upon race, color, creed, religion, ancestry, national origin, sex, disability, age, marital status or status with regard to public assistance. Affirmative action shall include but not be limited to the issuance of a policy statement regarding equal employment and its communication to all personnel involved in recruitment, hiring, training, assignment, and promotion; notification of all employment sources of company policy and active efforts to review the qualifications of all applicants regardless of race, color, creed, religion, ancestry, national origin, sex, disability, age, marital status or status with regard to public assistance; recruiting in the minority/female group community for employees; and establishing an internal system of reporting concerning equal employment, recruiting, hiring, training, upgrading and the like. Breach of the obligation to take affirmative action shall be a material breach of the contract for which the City shall be entitled to at its option:

**To cancel, terminate, or suspend the contract in whole or in part; and/or**

**to declare the Contractor or Vendor ineligible for further City contracts.**

- (b) **AFFIDAVITS AND PAYROLLS:** The affidavit form provided in a non-collusion affidavit must be properly executed.

#### **SECTION 104 – SCOPE OF WORK**

104.04 **MAINTENANCE OF TRAFFIC:** The contractor will be responsible for adequate maintenance of traffic measures throughout construction operations. All barrels, cones, barricades, flagmen, and other associated items shall be provided to protect the workmen and the public. The contractor shall provide adequate means to safely direct traffic past the point of construction, and shall provide for safely conducting traffic at all other points that are affected by the work, at all times. Upon the request of the City, the contractor shall provide a traffic maintenance plan for engineering approval. The contractor also needs to coordinate maintenance of traffic with INDOT for work in and around state roads.

No closures shall be allowed, unless specifically coordinated and approved. Access to all property shall be maintained, and any times where there is a loss of access, the contractor shall coordinate with the property owner and/or occupant(s). When requested by the City, the contractor will provide adequate notification to the media and any property owners prior to commencing work in a given area.

No payment will be made for the maintenance of traffic. The cost of this work should be included in the various other associated pay items.

#### **SECTION 105 – CONTROL OF WORK**

- 105.10 **INSPECTION OF WORK:** The contractor is responsible to contact the City for the following inspections:
- (a) Sub-grade evaluation – after removal of existing materials or after excavation on a new installation
  - (b) Pre-pour – after installation of all forms, reinforcing wire, and expansion material
  - (c) Final – after removal of all forms and disturbed area has been backfilled, compacted, and seeded/sodded

#### **SECTION 107 – LEGAL RELATIONS AND RESPONSIBILITY TO PUBLIC**

107.08 **PUBLIC CONVENIENCE AND SAFETY:** The contractor shall coordinate all work with the West Lafayette Police and Fire Departments, and shall notify both departments whenever any street or access to any property is to be closed off and when any street is re-opened.

The contractor shall be responsible for all proper public safety provisions for

the construction site and any machinery or equipment whether in operation or not as well as work zones. No work site(s) shall be left unprotected at any time.

No work site(s) shall be left unprotected at any time. The public shall be protected from inadvertently entering a worksite by appropriate means such as cones, barrels, barricades, fencing, warning lights, arrow boards, flagmen, etc.

The contractor shall bring a traffic safety plan to the pre-construction meeting. The contractor must follow all procedures set forth in the Indiana Manual on Uniform Traffic Control Devices, 2008 Edition for Streets and Highways, under Part 6 Temporary Traffic Control, with emphasis on Chapter 6D: Pedestrian and Worker Safety.

- 107.14 PROTECTION AND RESTORATION OF PROPERTY AND LANDSCAPE: Contractor shall protect existing trees in a five foot (5') length to all sides of the trunk. This area is to be kept clear of project equipment, project materials, waste, and excess soil. Minimal digging, trenching, compaction or other soil disturbance is allowed in this area (as determined by the Engineer).

## **SECTION 108 – PROSECUTION AND PROGRESS**

- 108.04 PROSECUTION OF THE WORK: The contractor shall coordinate all work with the City Engineer or designated representative prior to commencing and throughout the contract on at least a daily basis. All material tickets shall be promptly turned in at the end of each day of work for record keeping and basis of payment. Failure to report any material tickets shall result in denial of payment claims by the City.

## **SECTION 200 - EARTHWORK**

### **SECTION 201 – CLEARING AND GRUBBING**

- 201.03 CLEARING AND GRUBBING: Disposal of all logs, limbs, chips, and debris generated by tree removal work will be the responsibility of the contractor. The stump shall be ground to six (6") inches below the existing surface. The contractor shall clean up the site and remove and dispose of all debris at the end of each day's operation. Site clean up shall include removal of sawdust, small twigs, chips, leaves, trunks, and limbs from the street, curb, parkway, sidewalk, private lawns, and driveways with appropriate tools for the job. The site shall be returned to the same state it existed in prior to removal. The contractor shall take all necessary precautions to eliminate damage to adjacent trees and shrubs, lawns, curbs, walks, or other real or personal property. Holes made in the lawn, regardless of size shall be filled with top soil and seeded with grass seed.

Removal operations may be conducted in areas where overhead electric, telephone, and cable television facilities exist. The contractor shall protect all

utilities from damage, shall immediately contact the appropriate utility if damage should occur, and shall be responsible for all claims for damage due to his operation. The contractor shall make arrangement with the utility for removal of all necessary limbs and branches that may conflict with or create a hazard in conducting the operations of this contract. All pruning shall be in accordance with the International Association of Arborists' standards. The contractor shall properly contact the utility in sufficient time to arrange for any required work by the utility. Delays encountered by the contractor while waiting for the utility to complete its work shall be the responsibility of the contractor.

## **SECTION 203 – EXCAVATION AND EMBANKMENT**

203.09 GENERAL REQUIREMENTS: Excavation of existing pavement materials, concrete sidewalks, curbs, cobblestone, or any other materials required in order to properly incorporate construction materials for new sidewalks, curbs, ramps, or pavement shall be completed by the contractor as needed for a complete and finished project. Proper removal and disposal of existing materials shall be the responsibility of the contractor. The costs of all equipment, materials, labor, and any other necessary items required to properly complete any portion of the excavation work shall be included in the cost of the other items. No direct payment will be made for this type of work.

All excavation and surface milling work shall require full depth or minimal depth saw cutting to maintain neat lines for the work and permit the proper removal limits. The costs of all equipment, materials, labor, and any other necessary items required to properly complete the work shall be included in the costs of the other pay items. No direct payment will be made for this work.

## **SECTION 205 – TEMPORARY EROSION AND SEDIMENT CONTROL**

205.01 DESCRIPTION: The contractor is responsible for maintaining all drainage flow of the gutter during and after construction. The contractor is to keep all construction materials or products of from entering any sewer. The contractor must submit a "Temporary Erosion and Sediment Control" plan for Engineer's approval prior to construction.

205.07 BASIS OF PAYMENT: No payment will be made for the temporary erosion and sediment control. The cost of this work should be included in the various other associated pay items.

## **SECTION 300 – AGGREGATE PAVEMENT AND BASES**

### **SECTION 301 – AGGREGATE BASE**

301.02 MATERIALS: All stone used for base material shall be crushed aggregate

meeting Indiana Department of Transportation Standard Specification, Section 301 and 904, or an approved equal. No direct payment will be made for undercutting and stone the cost should be included in the various other associated pay items.

## **SECTION 500 – CONCRETE PAVEMENT**

### **SECTION 502 – PORTLAND CEMENT CONCRETE PAVEMENT, PCCP**

502.02 MATERIALS: Concrete is to be limestone aggregate, six bag mix with reinforcing as specified. All concrete is to be in accordance with the requirements of the current West Lafayette Standard Specifications and Indiana Department of Transportation Standard Specifications. Where there is a conflict, the West Lafayette Standard Specifications shall rule.

The contractor is responsible for protecting any new concrete work from pedestrian and/or vehicular traffic until it is fully cured and capable of carrying traffic. In the event that it cracks due to lack of strength, the contractor is responsible for replacing the concrete without reimbursement from the City.

Concrete testing is to take place no less than one time every fifty (50) cubic yards or at least one time per day. The cost of this item shall be included in the cost of other related items. The contractor is responsible for contacting the testing contractor and coordinating the concrete pour and testing schedules. The testing requirements are:

- Slump = 4",  $\pm$  1"
- Air Content = 6.5%,  $\pm$  1.5%
- 28 day compressive strength  $\geq$  4000 psi

## **SECTION 600 – INCIDENTAL CONSTRUCTION**

### **SECTION 604 – SIDEWALKS AND CURB RAMPS**

604.02 MATERIALS: Concrete is to be limestone aggregate, six bag mix with either wire reinforcement or fiber reinforcement in the sidewalk and #4 steel reinforcing bars in the curb and gutter. All concrete is to be in accordance with the requirements of the current West Lafayette Standard Specifications and Indiana Department of Transportation Standard Specifications. Where there is a conflict, the West Lafayette Standard Specifications shall rule.

The contractor is responsible for protecting any new concrete work from pedestrian and/or vehicular traffic until it is fully cured and capable of carrying traffic. In the event that it cracks due to lack of strength, the contractor is responsible for replacing the concrete without reimbursement from the City.

Concrete testing is to take place no less than one time every fifty (50) cubic

yards or at least one time per day. This item will be paid for by the City directly. The contractor is responsible for contacting the testing contractor and coordinating the concrete pour and testing schedules. The testing requirements are:

- Slump = 4",  $\pm$  1"
- Air Content = 6.5%,  $\pm$  1.5%
- 28 day compressive strength  $\geq$  4000 psi

604.03 PORTLAND CEMENT CONCRETE SIDEWALKS AND CURB RAMPS: All new ramps shall be installed in accordance with West Lafayette Standard Specifications and the current ADA Standards. Exact limits of construction for each ramp will be determined in the field by the Engineer. Payment for this item includes removal of all existing material. This item shall be paid at the contract unit price for "Remove and Replace Concrete Curb", per linear foot and "Universal Access Ramp Installation", per square yard.

Concrete sidewalk shall be five feet (5'-0") wide or to match existing, four inches (4") thick, and shall be placed on three inches (3") new compacted granular material. Concrete sidewalk shall be reinforced with wire mesh or fiber reinforcing. All concrete sidewalk must be according to West Lafayette Standard Specifications and current ADA Standards. This item shall be paid for at the contract unit price for "Concrete Sidewalk, Remove and Replace", per square yard.

## **SECTION 605 – CURBING**

605.02 MATERIALS: Concrete is to be limestone aggregate, six bag mix with either wire reinforcement or fiber reinforcement in the sidewalk and #5 steel reinforcing bars in the curb and gutter. All concrete is to be in accordance with the requirements of the current West Lafayette Standard Specifications and Indiana Department of Transportation Standard Specifications. Where there is a conflict, the West Lafayette Standard Specifications shall rule.

The contractor is responsible for protecting any new concrete work from pedestrian and/or vehicular traffic until it is fully cured and capable of carrying traffic. In the event that it cracks due to lack of strength, the contractor is responsible for replacing the concrete without reimbursement from the City.

Concrete testing is to take place no less than one time every fifty (50) cubic yards or at least one time per day. This item will be paid for by the City directly. The contractor is responsible for contacting the testing contractor and coordinating the concrete pour and testing schedules. The testing requirements are:

- Slump = 4",  $\pm$  1"
- Air Content = 6.5%,  $\pm$  1.5%

- 28 day compressive strength  $\geq$  4000 psi

605.04 CAST IN PLACE CEMENT CONCRETE CURBING: Concrete curb shall be cast in place, 24 inch, limestone aggregate curb, formed and placed in accordance with the City of West Lafayette Standard Specification for “chair-back” curb. New curb shall be installed on six inches (6”) of compacted stone aggregate and set to existing lines and grades in a manner to permit positive drainage. Curb can be reinforced as specified in the City of West Lafayette Standard Specification for “chair-back” curb or with fiber reinforcing. Any patching between the new curb and existing street shall be included in the price of the curb. HMA base or concrete may be used as a material for patching. Any curb installed on the back of sidewalk (i.e. retaining wall use) will be paid for under this item at the same unit price. This item shall be paid for at the contract unit price for “Concrete Curb (Includes Curb for Ramps and Approaches)”, per linear foot.

## **SECTION 610 - APPROACHES**

610.02 MATERIALS: Concrete is to be limestone aggregate, six bag mix with either wire reinforcement or fiber reinforcement in the sidewalk and #4 steel reinforcing bars in the curb and gutter. All concrete is to be in accordance with the requirements of the current West Lafayette Standard Specifications and Indiana Department of Transportation Standard Specifications. Where there is a conflict, the West Lafayette Standard Specifications shall rule.

The contractor is responsible for protecting any new concrete work from pedestrian and/or vehicular traffic until it is fully cured and capable of carrying traffic. In the event that it cracks due to lack of strength, the contractor is responsible for replacing the concrete without reimbursement from the City.

Concrete testing is to take place no less than one time every fifty (50) cubic yards or at least one time per day. This item will be paid for by the City directly. The contractor is responsible for contacting the testing contractor and coordinating the concrete pour and testing schedules. The testing requirements are:

- Slump = 4”,  $\pm$  1”
- Air Content = 6.5%,  $\pm$  1.5%
- 28 day compressive strength  $\geq$  4000 psi

610.03 GENERAL REQUIREMENTS: Concrete drive approaches shall be formed and placed in accordance with Indiana Department of Transportation Standard Specifications Section 610 as well as West Lafayette Standard Specifications. All drive approaches shall be six inches (6”) thick, match existing width unless otherwise instructed by Engineer, and be placed on at least six inches (6”) compacted granular fill. Drive approaches shall be reinforced with wire mesh or fiber reinforcing. Exact look of drive approaches will be determined by

Engineer. This item shall be paid for at the contract unit price for “Concrete Drive Approach”, per square yard. Curb in front of approaches shall be paid for at the contract unit price for “Concrete Curb (Includes Curb for Ramps and Approaches)”, per linear foot.

## **SECTION 621 – SEEDING AND SODDING**

### **621.05 APPLYING FERTILIZER, SEED, AND MULCH**

(c) Mulch: Contractor shall mulch disturbed areas around existing trees with a three foot by five foot (3'x5') rectangle, three inches (3") thick, of organic mulch and finish level with adjacent finish grades. Do not place mulch against trunks or stems. No direct payment will be made for this work. Cost shall be included in the unit price for other pay items.

621.09 LAYING SOD: Sod shall be placed upon all disturbed areas that were grass prior to construction. Sodding shall be in accordance with Indiana Department of Transportation Standard Specifications Section 621 and shall be maintained for at least thirty (30) days. No direct payment will be made for this work. The cost shall be included in the unit price for other pay items.

## **SECTION 700 – STRUCTURES**

### **SECTION 714 – CONCRETE CULVERTS AND RETAINING WALLS**

714.01 DESCRIPTION: Contractor shall construct a modular concrete block retaining wall in the specified location on the plans. The wall shall be made of modular concrete block by Anchor Wall Systems Diamond Pro in gray. The wall shall be installed according to manufacturer specifications and it is the responsibility of the contractor to obtain these.

### **SECTION 720 – MANHOLES, INLETS, AND CATCH BASINS**

720.04 GRADE ADJUSTMENT OF EXISTING STRUCTURES: The contractor is responsible for setting all inlets in the project. The City of West Lafayette Street and Sanitation Department will supply any new inlet castings. The cost for setting the inlets shall be paid for at the contract unit price for “Set Sewer Inlets”, per each.

## **SECTION 800 – TRAFFIC CONTROL DEVICES AND LIGHTING**

### **SECTION 802 – SIGNS**

802.01 DESCRIPTION: In order to complete the work required by this contract, the Contractor will need to remove on-street parking where it is permitted. The Contractor is responsible for obtaining a sufficient number of “No Parking” signs from the West Lafayette Police Department and posting them in accordance with the WLPD procedure for temporary removal of parking. A total of 24 “No

Parking” signs will be issued, to be posted at 80 foot increments on both sides of the street. All other labor and material required for this work is to be furnished by the Contractor. No direct payment will be made for this work. The cost shall be included in the unit price for other pay items.

## **SECTION 900 – MATERIALS DETAILS**

### **SECTION 906 – JOINT MATERIALS**

906.02 JOINT SEALING MATERIALS: All expansion joints are to have 4” capped expansion material and then sealed with self-leveling joint sealer (Sonneborn SL1 or equivalent).

END OF SECTION
