Policy on Fire Hydrant Charges paid to Customers with Irrigation Meters

January 1, 2016

Pursuant to West Lafayette Ordinance No. 34-15, in cases where a resident has been charged a fire hydrant fee by Indiana American Water for a meter that is designated for irrigation, the City may pay the resident for the amount of the charge. Annually, the resident can submit the applicable form (Exhibit A) along with copies of their bill that shows the charge. Once approved, the Finance Department will issue a payment.

The resident can request payment for charges back to January of the previous year.
