

The City of West Lafayette has been and always will be an open and welcoming community. We will not allow our embracing of all that is right to be targeted by those who feel empowered to deliver a message of hate, violence and exclusivity.

We will continue to make West Lafayette (a city where one-quarter of our resident population is non-native and that has long protected LGBTQ rights) an inclusive haven for all civically-minded people looking to improve our world.

I have contacted our police department and they are working the neighborhood to look for information in regards to this disgusting incident. The FBI has also been notified.

Mayor John Dennis
