

October Beautification Award Winner

Steve and Margo Klinker of 917 Robinson

Steve and Margo Klinker purchased a vintage New Chauncey home in 2016, a home that needed updating inside and out. Built in 1935, the gardens had been neglected for many years and it was a big project to remove the brush and trees from the front walkway, replacing the concrete and masonry work.

The gardens are in bloom from spring with many spring bulbs. The Klinkers have planted a wide variety of colorful annuals, which fill in the area between the street, and porch, with many perennials intended to fill in the areas around a garden bench and glass art. Cannas have attracted hummingbirds all summer long. This landscape will be one to watch as it matures and demonstrates what hard work and a lot of love can do for an older home. Thanks, Steve and Margo, for keeping West Lafayette beautiful!
